(F) electronic intensive care unit technology to allow physicians to fully monitor hospital patients remotely.

Sec. 531.02412. SERVICE DELIVERY AUDIT MECHANISMS. (a) The commission shall make every effort to ensure the integrity of the Medicaid program. To ensure that integrity, the commission shall:

(1) perform risk assessments of every element of the Medicaid program and audit those elements of the program that are determined to present the greatest risks;

(2) ensure that sufficient oversight is in place for the Medicaid medical transportation program;

(3) ensure that a quality review assessment of the Medicaid medical transportation program occurs; and

(4) evaluate the Medicaid program with respect to use of the metrics developed through the Texas Health Steps performance improvement plan to guide changes and improvements to the program.

(b) This section does not affect the duty of the Texas Department of Transportation to manage the delivery of transportation services, including the delivery of transportation services for clients of health and human services programs.

(b) To further encourage the use of medical technology by providers under the Medicaid program, the Health and Human Services Commission may enter into a written agreement with a manufacturer, as defined by Section 531.070, Government Code, to accept as a program benefit in lieu of supplemental rebates, as defined by Section 531.070, Government Code, the manufacturer's operation of a pilot program under which the manufacturer supplies those providers with a graphical electronic medical record system and evaluates the benefits and cost-effectiveness of the system. The program must be operated in a manner that is acceptable to the commission and must be designed to test the benefits and cost-effectiveness on a sufficiently large scale. The manufacturer shall report the results of the program, including an analysis of the program's benefits and cost-effectiveness, to the commission. The commission shall report those results to the 80th Legislature not later than January 15, 2007.

(c) The Health and Human Services Commission shall examine options for standardizing and simplifying the interaction between the Medicaid system and providers regardless of the service delivery system through which a provider provides services and, using existing resources, implement any options that are anticipated to increase the quality of care and contain costs.

SECTION 5. LONG-TERM CARE SERVICES. (a) Subchapter B, Chapter 531, Government Code, is amended by adding Sections 531.083 and 531.084 to read as follows:

Sec. 531.083. MEDICAID LONG-TERM CARE SYSTEM. The commission shall ensure that the Medicaid long-term care system provides the broadest array of choices possible for recipients while ensuring that the services are delivered in a manner that is cost-effective and makes the best use of available funds. The commission shall also make every effort to improve the quality of care for recipients of Medicaid long-term care services by:

(1) evaluating the need for expanding the provider base for consumer-directed services and, if the commission identifies a demand for that expansion, encouraging area agencies on aging, independent living centers, and other potential long-term care providers to become providers through contracts with the Department of Aging and Disability Services;

(2) ensuring that all recipients who reside in a nursing facility are provided information about end-of-life care options and the importance of planning for end-of-life care; and

(3) developing policies to encourage a recipient who resides in a nursing facility to receive treatment at that facility whenever possible, while ensuring that the recipient receives an appropriate continuum of care.

Sec. 531.084. MEDICAID LONG-TERM CARE COST CONTAINMENT STRATEGIES. (a) The commission shall make every effort to achieve cost efficiencies within the Medicaid long-term care program. To achieve those efficiencies, the commission shall:

(1) establish a fee schedule for reimbursable incurred medical expenses for dental services controlled in long-term care facilities;

(2) implement a fee schedule for reimbursable incurred medical expenses for durable medical equipment in nursing facilities and ICF-MR facilities;

(5) create additional partnerships with pharmaceutical companies to obtain discounted prescription drugs for Medicaid recipients; and

(6) develop and implement a system for auditing the Medicaid hospice care system that provides services in long-term care facilities to ensure correct billing for pharmaceuticals.

(b) The executive commissioner and the commissioner of aging and disability services shall jointly appoint persons to serve on a work group to assist the commission in developing the fee schedule required by Subsection (a)(1). The work group must consist of providers of long-term care services, including dentists and long-term care advocates.

(c) In developing the fee schedule required by Subsection (a)(1), the commission shall consider:

(1) the need to ensure access to dental services for residents of long-term care facilities who are unable to travel to a dental office to obtain care;

(2) the most recent Comprehensive Fee Report published by the National Dental Advisory Service;

(3) the difficulty of providing dental services in long-term care facilities;

(4) the complexity of treating medically compromised patients; and

(5) time-related and travel-related costs incurred by dentists providing dental services in long-term care facilities.

(d) The commission shall annually update the fee schedule required by Subsection (a)(1).

(b) The Health and Human Services Commission shall examine:

(1) the possibility of implementing a program to expand Medicaid home health benefits to include speech pathology services, intravenous therapy, and chemotherapy treatments and, if cost-effective, implement that program;

(2) the possibility of implementing a program to provide respite and other support services to individuals providing daily assistance to persons with Alzheimer's disease or dementia to reduce caregiver burnout and, if cost-effective, implement that program;

(3) the possibility of implementing a program to offer services through state schools to recipients who are living in the community and a program to use funding for community-based services to pay for the services from the state schools and, if cost-effective, implement those programs;

(4) in conjunction with the Department of Aging and Disability Services, the possibility of implementing a program to simplify the administrative procedures for regulating nursing facilities and, if cost-effective, implement that program; and

(5) the possibility of using fee schedules, prior approval processes, and alternative service delivery options to ensure appropriate utilization and payment for Medicaid services and, if cost-effective, implement those schedules, processes, and options.

(c) The Health and Human Services Commission shall study and determine whether polypharmacy reviews for Medicaid recipients receiving long-term care services could identify inappropriate pharmaceutical usage patterns and lead to controlled costs.

(d) Prior to developing and adopting the fee schedule required by Subdivision (1), Subsection (a), Section 531.084, Government Code, as added by this section, the Health and Human Services Commission shall make every effort to expedite the approval of dental treatment plans and the approval and payment of reimbursable incurred medical expenses for dental services provided to residents of long-term care facilities.

(c) The executive commissioner shall adopt rules regarding the days, times of days, and holidays that are considered to be outside of regular business hours for purposes of Subsection (a)(14).

(b) Subchapter A, Chapter 533, Government Code, is amended by adding Sections 533.0071 and 533.0072 to read as follows:

Sec. 533.0071. ADMINISTRATION OF CONTRACTS. The commission shall make every effort to improve the administration of contracts with managed care organizations. To improve the administration of these contracts, the commission shall:

(1) ensure that the commission has appropriate expertise and qualified staff to effectively manage contracts with managed care organizations under the Medicaid managed care program;

(2) evaluate options for Medicaid payment recovery from managed care organizations if the enrollee dies or is incarcerated or if an enrollee is enrolled in more than one state program;

(3) maximize Medicaid payment recovery options by contracting with private vendors to assist in the recovery of capitation payments and other payments made to managed care organizations with respect to enrollees who leave the managed care program; and

(4) decrease the administrative burdens of managed care for the state, the managed care organizations, and the providers under managed care networks to the extent that those changes are compatible with state law and existing Medicaid managed care contracts, including decreasing those burdens by:

(A) where possible, decreasing the duplication of administrative reporting requirements for the managed care organizations, such as requirements for the submission of encounter data, quality reports, historically underutilized business reports, and claims payment summary reports;

(B) allowing managed care organizations to provide updated address information directly to the commission for correction in the state system;

(C) requiring consistency and uniformity among managed care organization policies, including policies relating to the preauthorization process, lengths of hospital stays, filing deadlines, levels of care, and case management services; and

(D) reviewing the appropriateness of primary care case management requirements in the admission and clinical criteria process, such as requirements relating to including a separate cover sheet for all communications, submitting handwritten communications instead of electronic or typed review processes, and admitting patients listed on separate notifications.

Sec. 533.0072. INTERNET POSTING OF SANCTIONS IMPOSED FOR CONTRACTUAL VIOLATIONS. (a) The commission shall prepare and maintain a record of each enforcement action initiated by the commission that results in a sanction, including a penalty, being imposed against a managed care organization for failure to comply with the terms of a contract to provide health care services to recipients through a managed care plan issued by the organization.

(b) The record must include:

(1) the name and address of the organization;

(2) a description of the contractual obligation the organization failed to meet;

(3) the date of determination of noncompliance;
(4) the date the sanction was imposed;
(5) the maximum sanction that may be imposed under the contract for the violation; and
(6) the actual sanction imposed against the organization.

(c) The commission shall post and maintain the records required by this section on the commission's Internet website in English and Spanish. The records must be posted in a format that is readily accessible to and understandable by a member of the public. The commission shall update the list of records on the website at least quarterly.

(d) The commission may not post information under this section that relates to a sanction while the sanction is the subject of an administrative appeal or judicial review.

(e) A record prepared under this section may not include information that is excepted from disclosure under Chapter 552.

(f) The executive commissioner shall adopt rules as necessary to implement this section.

(c) The Health and Human Services Commission shall reevaluate the case management fee used in the primary care case management program and shall make recommendations to the Legislative Budget Board if the commission finds that a different rate is appropriate.

(d) The Health and Human Services Commission shall examine:

(1) the feasibility and cost-effectiveness of establishing a sliding-scale case management fee for the primary care case management program based on primary care provider performance;

(2) the operational efficiency, health outcomes, case management, and cost-effectiveness of the primary care case management program and adopt any necessary changes to maximize health outcomes and cost-effectiveness; and

(3) the mechanism used to encourage hospital participation in the primary care case management program and adopt alternative policies if current policies are determined to be ineffective.

(e) The Health and Human Services Commission shall make every effort to improve the delivery of health care services to recipients enrolled in the Medicaid managed care program by evaluating the following actions for a determination of cost-effectiveness and pursuing those actions if they are determined to be cost-effective:

(1) adding a Medicaid managed care contract requirement that requires each managed care plan to work with the commission and health care providers to improve the immunization rate of Medicaid clients and the reporting of immunization information for inclusion in ImmTrac;

(2) to the extent permitted by federal law, allowing managed care organizations access to the previous claims history of a new enrollee that is maintained by a claims administrator if the new managed care organization enrollee was formerly a recipient under the Medicaid fee for service or primary care case management system;

(3) encouraging managed care organizations to operate nurse triage telephone lines and to more effectively notify enrollees that the lines exist and inform enrollees regarding how to access those lines;

(4) creating more rigorous contract standards for managed care organizations to ensure that children have clinically appropriate alternatives to emergency room services outside of regular office hours;

(5) developing more effective mechanisms to identify and control the utilization of program services by enrollees who are found to have abused the services; and

(6) studying the impact on the program of enrollees who have a history of high or abusive use of program services and incorporating the most effective methods of curtailing that activity while assuring that those enrollees receive adequate health services.

(f) Section 533.005, Government Code, as amended by this section, applies only to a contract between the Health and Human Services Commission and a managed care organization under Chapter 533, Government Code, that is entered into or renewed on or after the effective date of this section. A contract between the commission and an organization that is entered into or renewed before the effective date of this section is governed by the law in effect on the date the contract was entered into or renewed, and the former law is continued in effect for that purpose.

(g) Section 533.0072, Government Code, as added by this section, applies only to a sanction imposed on or after the effective date of this section.

SECTION 7. SELECTION OF MEDICAL ASSISTANCE PROVIDERS. Subsection (f), Section 32.027, Human Resources Code, is amended to read as follows:

(f) The executive commissioner of the Health and Human Services Commission [department] by rule may [shall] develop a system of selective contracting with health care providers for the provision of nonemergency inpatient hospital services to a recipient of medical assistance under this chapter. In implementing this subsection, the executive commissioner [department] shall:

(1) seek input from consumer representatives and from representatives of hospitals licensed under Chapter 241, Health and Safety Code, and from organizations representing those hospitals; and

(2) ensure that providers selected under the system meet the needs of a recipient of medical assistance under this chapter.

SECTION 8. OPTIMIZATION OF CASE MANAGEMENT SYSTEMS. (a) Subchapter B, Chapter 32, Human Resources Code, is amended by adding Section 32.0551 to read as follows:

Sec. 32.0551. OPTIMIZATION OF CASE MANAGEMENT SYSTEMS. The Health and Human Services Commission shall:

(1) create and coordinate staffing and other administrative efficiencies for case management initiatives across the commission and health and human services agencies, as defined by Section 531.001, Government Code; and

(2) optimize federal funding revenue sources and maximize the use of state funding resources for case management initiatives across the commission and health and human services agencies.

(b) The Health and Human Services Commission shall evaluate the cost-effectiveness of developing intensive case management and targeted interventions for all Medicaid recipients who are aged, blind, or disabled.

(c) The Health and Human Services Commission shall identify Medicaid programs or protocols in existence on the effective date of this section that are not resulting in their anticipated cost savings or quality outcomes. The commission shall enhance or replace these programs or protocols with targeted strategies that have demonstrated success in improving coordination of care and cost savings within similar Medicaid recipient populations.

(d) The Health and Human Services Commission shall evaluate the cost-effectiveness of including within Medicaid disease management programs in existence on the effective date of this section additional diseases, such as chronic kidney disease or end-stage renal disease, additional chronic medical conditions, such as severe pain that requires management, and other strategies, such as home health services for children with chronic conditions that are not included in the existing disease management programs and the use of schools and school nurses to manage chronic medical conditions of children. In evaluating the cost-effectiveness of including other diseases, conditions, and strategies, the commission may review existing data from the provider of disease management services under Section 32.059, Human Resources Code, as added by Chapter 208, Acts of the 78th Legislature, Regular Session, 2003. The commission may also research the experiences of other states, insurance companies, and managed care organizations and review other sources of data the commission determines is appropriate. The commission shall expand Medicaid disease management programs and related programs to include the diseases, conditions, and strategies that the commission determines under this subsection will be cost-effective.

(e) The Health and Human Services Commission shall conduct a study to determine the feasibility of combining the utilization management, case management, care coordination, high-cost targeting, provider incentives, and other quality and cost-control measures implemented with respect to the Medicaid program under a single federal waiver, which may be a waiver under Section 1915(c) of the federal Social Security Act (42 U.S.C. Section 1396n(c)) or a waiver under Section 1115(a) of that Act (42 U.S.C. Section 1315(a)). If the commission determines that the combination is feasible, the commission shall develop the combined program and seek the appropriate approval from the Centers for Medicare and Medicaid Services.

SECTION 9. EDUCATION CAMPAIGN. (a) Subchapter B, Chapter 32, Human Resources Code, is amended by adding Section 32.071 to read as follows:

Sec. 32.071. RECIPIENT AND PROVIDER EDUCATION. (a) The department shall develop and implement a comprehensive medical assistance education campaign for recipients and providers to ensure that care is provided in such a way as to improve patient outcomes and maximize cost-effectiveness. The department shall ensure that educational information developed under this section is demographically relevant and appropriate for each recipient or provider to whom the information is provided.

(b) The comprehensive medical assistance education campaign must include elements designed to encourage recipients to obtain, maintain, and use a medical home and to reduce their use of high-cost emergency department services for conditions that can be treated through primary care or nonemergency physicians or other providers. The campaign must include the dissemination of educational information through newsletters and emergency department staff members and at local health fairs, unless the department determines that these methods of dissemination are not effective in increasing recipients' appropriate use of the health care system.

(c) The department shall evaluate whether certain risk groups may disproportionately increase their appropriate use of the health care system as a result of targeted elements of an education campaign. If the department determines that certain risk groups will respond with more appropriate use of the system, the department shall develop and implement the appropriate targeted educational elements.

(d) The department shall develop a system for reviewing recipient prescription drug use and educating providers with respect to that drug use in a manner that emphasizes reducing inappropriate prescription drug use and the possibility of adverse drug interactions.

(e) The department shall coordinate the medical assistance education campaign with area health education centers, federally qualified health centers, as defined by 42 U.S.C. Section 1396d(l)(2)(B), and other stakeholders who use public funds to educate recipients and providers about the health care system in this state. The department shall make every effort to maximize state funds by working through these partners to maximize receipt of additional federal funding for administrative and other costs.

(f) The department shall coordinate with other state and local agencies to ensure that community-based health workers, health educators, state eligibility determination employees who work in hospitals and other provider locations, and promoters are used in the medical assistance education campaign, as appropriate.

(g) The department shall ensure that all state agencies that work with recipients, all administrative persons who provide eligibility determination and enrollment services, and all service providers use the same curriculum for recipient and provider education, as appropriate.

(b) In developing the comprehensive medical assistance education campaign under Section 32.071, Human Resources Code, as added by this section, the Health and Human Services Commission shall ensure that private entities participating in the Medicaid program, including vendors providing claims administration, eligibility determination, enrollment services, and managed care services, are involved to the extent those entities' participation is useful.

(c) The Health and Human Services Commission shall identify all funds being spent on the effective date of this section on education for Medicaid recipients. The commission shall integrate these funds into the comprehensive medical assistance education campaign under Section 32.071, Human Resources Code, as added by this section.

SECTION 10. MAXIMIZATION OF FEDERAL RESOURCES. The Health and Human Services Commission shall make every effort to maximize the receipt and use of federal health and human services resources for the office of community collaboration established under Section 531.020, Government Code, as added by this Act, and the decision support system in the commission's center for strategic decision support.

SECTION 11. IMPLEMENTATION; WAIVER. (a) The Health and Human Services Commission shall make every effort to take each action and implement each reform required by this Act as soon as possible. Except as otherwise provided by this subsection and Subsection (d) of this section, the commission shall take each action and implement each reform required by this Act not later than September 1, 2007. Any action of the commission taken to justify implementing or ignoring the reforms required by this Act must be defensible, but need not be exhaustive.

(b) Not later than December 1, 2005, the Health and Human Services Commission shall submit a report to the governor and to the presiding officers of the standing committees of the senate and house of representatives having primary jurisdiction over health and human services that specifies the strategies the commission or an appropriate health and human services agency, as defined by Section 531.001, Government Code, will use to examine, study, evaluate, or otherwise make a determination relating to a reform or take another action required by this Act.

(c) Except as provided by Subsection (b) of this section, for each provision of this Act that requires the Health and Human Services Commission or a health and human services agency, as defined by Section 531.001, Government Code, to examine the possibility of making changes to the Medicaid program, to study an aspect of the Medicaid program, to evaluate the cost-effectiveness of a proposed reform, or to otherwise make a determination before implementing a reform, the Health and Human Services Commission shall submit a report to the governor and to the presiding officers of the standing committees of the senate and house of representatives having primary jurisdiction over health and human services that includes the criteria used and the results obtained by the commission or health and human services agency in taking the required action. The report must be delivered not later than September 1, 2007.

(d) If before implementing any provision of this Act a state agency determines that a waiver or authorization from a federal agency is necessary for implementation of that provision, the agency affected by the provision shall request the waiver or authorization and may delay implementing that provision until the waiver or authorization is granted.

SECTION 12. EFFECTIVE DATE. This Act takes effect September 1, 2005.

Floor Amendment No. 2

Amend CSSB 1188 (House committee printing) as follows:

(1) Add the following appropriately numbered SECTION to the bill and renumber subsequent SECTIONS of the bill accordingly:

SECTION _____. MEDICAL INFORMATION TELEPHONE HOTLINE. (a) Subchapter B, Chapter 531, Government Code, is amended by adding Section 531.02131 to read as follows:

Sec. 531.02131. MEDICAID MEDICAL INFORMATION TELEPHONE HOTLINE PILOT PROGRAM. (a) In this section, "net cost-savings" means the total projected cost of Medicaid benefits for an area served under the pilot program minus the actual cost of Medicaid benefits for the area.

(b) The commission shall evaluate the cost-effectiveness, in regard to preventing unnecessary emergency room visits and ensuring that Medicaid recipients seek medical treatment in the most medically appropriate and cost-effective setting, of developing a Medicaid medical information telephone hotline pilot program under which physicians are available by telephone to answer medical questions and provide medical information for recipients. If the commission determines that the pilot program is likely to result in net cost-savings, the commission shall develop the pilot program.

(c) The commission shall select the area in which to implement the pilot program. The selected area must include:

(1) at least two counties; and

(2) not more than 100,000 Medicaid recipients, with approximately 50 percent of the recipients enrolled in a managed care program in which the recipients receive services from a health maintenance organization.

(d) The commission shall request proposals from private vendors for the operation of a telephone hotline under the pilot program. The commission may not award a contract to a vendor unless the vendor agrees to contractual terms:

(1) requiring the vendor to answer medical questions and provide medical information by telephone to recipients using only physicians;

(2) providing that the value of the contract is contingent on achievement of net cost-savings in the area served by the vendor; and

(3) permitting the commission to terminate the contract after a reasonable period if the vendor's services do not result in net cost-savings in the area served by the vendor.

(e) The commission shall periodically determine whether the pilot program is resulting in net cost-savings. The commission shall discontinue the pilot program if the commission determines that the pilot program is not resulting in net cost-savings after a reasonable period.

(f) Notwithstanding any other provision of this section, including Subsection (b), the commission is not required to develop the pilot program if suitable private vendors are not available to operate the telephone hotline.

(g) The executive commissioner shall adopt rules necessary for implementation of this section.

(b) Not later than December 1, 2005, the Health and Human Services Commission shall determine whether the pilot program described by Section 531.02131, Government Code, as added by this section, is likely to result in net cost-savings. If the determination indicates that net cost-savings are likely, the commission shall take the action required by Subsections (c), (d), and (e) of this section.

(c) Not later than January 1, 2006, the Health and Human Services Commission shall select the counties in which the pilot program will be implemented.

(d) Not later than February 1, 2006, the Health and Human Services Commission shall request proposals from private vendors for the operation of a medical information telephone hotline. The commission shall evaluate the proposals and choose one or more vendors as soon as possible after the receipt of the proposals.

(e) Not later than January 1, 2007, the Health and Human Services Commission shall report to the governor, the lieutenant governor, and the speaker of the house of representatives regarding the pilot program. The report must include:

(1) a description of the status of the pilot program, including whether the commission was unable to contract with a suitable vendor;

(2) if the pilot program has been implemented:

(A) an evaluation of the effects of the pilot program on emergency room visits by program participants; and

(B) a description of cost savings in the area included in the pilot program; and

(3) recommendations regarding expanding or revising the pilot program.

(2) In SECTION 11(a) of the bill (page 28, lines 18 through 19), strike "Except as otherwise provided by this subsection and Subsection (d) of this section," and substitute "Except as otherwise provided by this Act,".

Floor Amendment No. 3

Amend **CSSB 1188** (House committee printing) by adding the following appropriately numbered SECTIONS to the bill and renumbering subsequent SECTIONS of the bill accordingly:

SECTION _____. OFFICE OF MEDICAL TECHNOLOGY. Subchapter A, Chapter 531, Government Code, is amended by adding Section 531.0081 to read as follows:

Sec. 531.0081. OFFICE OF MEDICAL TECHNOLOGY. (a) In this section, "office" means the office of medical technology.

(b) The commission shall establish the office of medical technology within the commission. The office shall explore and evaluate new developments in medical technology and propose implementing the technology in the medical assistance program under Chapter 32, Human Resources Code, if appropriate and cost-effective.

(c) Office staff must have skills and experience in research regarding health care technology.

SECTION _____. MEDICAID REIMBURSEMENT RATES. (a) Section 531.021, Government Code, is amended by adding Subsections (f) and (g) to read as follows:

(f) In adopting rates for medical assistance payments under Subsection (b)(2), the executive commissioner may adopt reimbursement rates for appropriate nursing services provided to recipients with certain health conditions if those services are determined to provide a cost-effective alternative to hospitalization. A physician must certify that the nursing services are medically appropriate for the recipient for those services to qualify for reimbursement under this subsection.

(g) In adopting rates for medical assistance payments under Subsection (b)(2), the executive commissioner may adopt cost-effective reimbursement rates for group appointments with medical assistance providers for certain diseases and medical conditions specified by rules of the executive commissioner.

(b) Subchapter B, Chapter 531, Government Code, is amended by adding Section 531.02175 to read as follows:

Sec. 531.02175. REIMBURSEMENT FOR ONLINE MEDICAL CONSULTATIONS. (a) In this section, "physician" means a person licensed to practice medicine in this state under Subtitle B, Title 3, Occupations Code.

(b) Subject to the requirements of this subsection, the executive commissioner by rule may require the commission and each health and human services agency that administers a part of the Medicaid program to provide Medicaid reimbursement for a medical consultation that is provided by a physician or other health care professional using the Internet as a cost-effective alternative to an in-person consultation. The executive commissioner may require the commission or a health and human services agency to provide the reimbursement described by this subsection only if the Centers for Medicare and Medicaid Services develop an appropriate Current Procedural Terminology code for medical services provided using the Internet.

(c) The executive commissioner may develop and implement a pilot program in one or more sites chosen by the executive commissioner under which Medicaid reimbursements are paid for medical consultations provided by physicians or other health care professionals using the Internet. The pilot program must be designed to

test whether an Internet medical consultation is a cost-effective alternative to an in-person consultation under the Medicaid program. The executive commissioner may modify the pilot program as necessary throughout its implementation to maximize the potential cost-effectiveness of Internet medical consultations. If the executive commissioner determines from the pilot program that Internet medical consultations are cost-effective, the executive commissioner may expand the pilot program to additional sites or may implement Medicaid reimbursements for Internet medical consultations statewide.

(d) The executive commissioner is not required to implement the pilot program authorized under Subsection (c) as a prerequisite to providing Medicaid reimbursement authorized by Subsection (b) on a statewide basis.

(B) giving program participants information on how to access primary care physicians, advanced practice nurses, and local health clinics;

(2) a pilot program under which health care providers, other than hospitals, are given financial incentives for treating recipients outside of normal business hours to divert those recipients from hospital emergency rooms;

(3) payment of a nominal referral fee to hospital emergency rooms that perform an initial medical evaluation of a recipient and subsequently refer the recipient, if medically stable, to an appropriate level of health care, such as care provided by a primary care physician, advanced practice nurse, or local clinic;

(4) a program under which the commission or a managed care organization that enters into a contract with the commission under Chapter 533 contacts, by telephone or mail, a recipient who accesses a hospital emergency room three times during a six-month period and provides the recipient with information on ways the recipient may secure a medical home to avoid unnecessary treatment at hospital emergency rooms;

(5) a health care literacy program under which the commission develops partnerships with other state agencies and private entities to:

(c) Not later than December 1, 2006, the Health and Human Services Commission shall report to the standing committees of the senate and the house of representatives having primary jurisdiction over welfare programs regarding the proposed program under this section. The report must include:

- (2) premium payment assistance through the Medicaid program for long-term care insurance for a person with a health condition that increases the likelihood that the person will need long-term care in the future; and
- (3) a long-term care partnership between the Medicaid program and a person under which the person pays the premiums for long-term care insurance and the Medicaid program provides continued coverage after benefits under that insurance are exhausted.

(b) In exploring the feasibility of the options described by Subsection (a) of this section, the Health and Human Services Commission shall consider whether other state incentives that could encourage persons to purchase health insurance plans or long-term care insurance are feasible. The incentives may include offering tax credits to businesses to increase the availability of affordable insurance.

(c) If the Health and Human Services Commission determines that any of the options described by Subsection (a) of this section are feasible and cost-effective, the commission shall make efforts to implement those options to the extent they are authorized by federal law. The commission shall request any necessary waivers from the Centers for Medicare and Medicaid Services as soon as possible after determining that an option is feasible and cost-effective. BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. Subtitle C, Title 4, Special District Local Laws Code, is amended by adding Chapter 3852 to read as follows:

CHAPTER 3852. PFLUGERVILLE MUNICIPAL MANAGEMENT DISTRICT NO. 1 SUBCHAPTER A. GENERAL PROVISIONS

Sec. 3852.001. DEFINITIONS. In this chapter:

(1) "Board" means the board of directors of the district.

(2) "District" means the Pflugerville Municipal Management District No. 1.

Sec. 3852.002. PFLUGERVILLE MUNICIPAL MANAGEMENT DISTRICT

NO. 1. The Pflugerville Municipal Management District No. 1 is a special district created under Section 59, Article XVI, Texas Constitution.

Sec. 3852.003. PURPOSE; DECLARATION OF INTENT. (a) The creation of the district is essential to accomplish the purposes of Sections 52 and 52-a, Article III, and Section 59, Article XVI, Texas Constitution, and other public purposes stated in this chapter. By creating the district and in authorizing Travis County, the City of Pflugerville, and other political subdivisions to contract with the district, the legislature has established a program to accomplish the public purposes set out in Section 52-a, Article III, Texas Constitution.

(b) The creation of the district is necessary to promote, develop, encourage, and maintain employment, commerce, transportation, housing, tourism, recreation, the arts, entertainment, economic development, safety, and the public welfare in the district.

(c) This chapter and the creation of the district may not be interpreted to relieve Travis County or the City of Pflugerville from providing the level of services provided as of September 1, 2005, to the area in the district or to release the county or the city from the obligations of each entity to provide services to that area. The district is created to supplement and not to supplant the county or city services provided in the area in the district.

Sec. 3852.004. FINDINGS OF BENEFIT AND PUBLIC PURPOSE. (a) The district is created to serve a public use and benefit.

(b) All land and other property included in the district will benefit from the improvements and services to be provided by the district under powers conferred by Sections 52 and 52-a, Article III, and Section 59, Article XVI, Texas Constitution, and other powers granted under this chapter.

(c) The creation of the district is in the public interest and is essential to:

(1) further the public purposes of developing and diversifying the economy of the state;

(2) eliminate unemployment and underemployment; and

(3) develop or expand transportation and commerce.

(d) The district will:

(1) promote the health, safety, and general welfare of residents, employers, employees, visitors, and consumers in the district and of the public;

(2) provide needed funding to preserve, maintain, and enhance the economic health and vitality of the area as a community and business center; and

(3) promote the health, safety, welfare, and enjoyment of the public by providing pedestrian ways and by landscaping and developing certain areas in the district, which are necessary for the restoration, preservation, and enhancement of scenic and aesthetic beauty.

(e) Hike and bike trails, pedestrian ways along or across a street, whether at grade or above or below the surface, and street lighting, street landscaping, and street art objects are parts of and necessary components of a street and are considered to be a street or road improvement in accordance with Section 52, Article III, Texas Constitution.

(f) The district may not act as the agent or instrumentality of any private interest even though the district will benefit many private interests as well as the public.

Sec. 3852.005. DISTRICT TERRITORY. (a) The district is composed of the territory described by Section 2 of the Act enacting this chapter, as that territory may have been modified under:

(1) Section 3852.110;

(2) Subchapter J, Chapter 49, Water Code; or

(3) other law.

(b) The boundaries and field notes of the district contained in Section 2 of the Act enacting this chapter form a closure. A mistake in the field notes or in copying the field notes in the legislative process does not affect the district's:

(1) organization, existence, or validity;

(2) right to issue any type of bond for a purpose for which the district is created or to pay the principal of and interest on the bond;

(3) right to impose or collect an assessment or tax; or

(2) the surety bond or insurance required by Section 394.206;

(3) a detailed description of the ownership interest of each officer, director, agent, or employee of the applicant, and any member of the immediate family of an officer, director, agent, or employee of the applicant, in a for-profit affiliate or subsidiary of the applicant or in any other for-profit business entity that provides services to the applicant or to a consumer in relation to the applicant's debt management business; and

(4) any other information that the commissioner requires.

(d) An officer or employee of a person registered under this subchapter is not required to be separately registered.

(e) Unless the commissioner notifies an applicant that a longer period is necessary, the commissioner shall approve or deny an initial registration not later than the 60th day after the date on which the completed application, including all required documents and payments, is filed. The commissioner shall inform the applicant in writing of the reason for denial.

(f) A person may renew a registration by paying the appropriate fee and completing all required documents.

(g) The finance commission by rule may establish procedures to facilitate the registration and collection of fees under this section, including rules staggering throughout the year the dates on which fees are due.

(h) The commissioner may refuse an initial application if the application contains errors or incomplete information. An application is incomplete if it does not include all of the information required by this section and Section 394.205.

(i) The commissioner may deny an initial application if:

(1) the applicant or any principal of the applicant has been convicted of a crime or found civilly liable for an offense involving moral turpitude, including forgery, embezzlement, obtaining money under false pretenses, larceny, extortion, conspiracy to defraud, or any other similar offense or violation;

(2) the registration of the applicant or any principal of the applicant has been revoked or suspended in this state or another state, unless the applicant provides information that the commissioner finds sufficient to show that the grounds for the previous revocation or suspension no longer exist and any problem cited in the previous revocation has been corrected; or

(3) the commissioner, based on specific evidence, finds that the applicant does not warrant the belief that the business will be operated lawfully and fairly and within the provisions and purposes of this subchapter.

(j) On written request, the applicant is entitled to a hearing, pursuant to Chapter 2001, Government Code, on the question of the applicant's qualifications for initial registration if the commissioner has notified the applicant in writing that the initial application has been denied. A request for a hearing may not be made after the 30th day after the date the commissioner mails a notice to the applicant stating that the application has been denied and stating the reasons for the denial.

(k) In addition to the power to refuse an initial application as specified in this section, the commissioner may suspend or revoke a provider's registration after notice and hearing if the commissioner finds that any of the following conditions are met:

(1) a fact or condition exists that if it had existed when the provider applied for registration, would have been grounds for denying registration;

(2) a fact or condition exists that the commissioner was not aware of when the provider applied for registration and would have been grounds for denying registration;

(3) the provider violates this subchapter or rule or order of the commissioner under this subchapter;

(4) the provider is insolvent;

(8) the commissioner determines that the provider's trust account is not materially in balance with and reconciled to the consumer's account; or

(9) the provider fails to warrant the belief that the business will be operated lawfully and fairly and within the provisions and purposes of this subchapter.

(l) The commissioner's order revoking a registration must include appropriate provisions to transfer existing clients of the provider to one or more registered providers to ensure the continued servicing of the clients' accounts.

(m) The commissioner shall maintain a list of registered providers and make the list available to interested persons and to the public.

Sec. 394.205. RECORDS. (a) A provider shall keep and use books, accounts, and other records that will enable the commissioner to determine if the provider is complying with this subchapter and maintain any other records as required by the commissioner. The commissioner may examine the records at any reasonable time. The records must be kept for at least three years after the date of the last service on a consumer's debt management plan.

(b) Each provider shall file a report with the commissioner at each renewal of the provider's registration. The report must at a minimum disclose in detail and under appropriate headings:

(1) the assets and liabilities of the provider at the beginning and end of the period;

(2) the total number of debt management plans the provider has initiated during that year; and

(3) records of total and average fees charged to consumers, including all voluntary contributions received from consumers.

(c) The reports must be verified by the oath or affirmation of the owner, manager, president, chief executive officer, or chairman of the board of directors of the provider.

(d) A provider shall file a blank copy of the agreement described in Section 394.209 and blank copies of the written information required in Section 394.208(a) with the commissioner accompanying the initial registration and each renewal of registration.

(e) The commissioner shall make the information provided under this section available to interested parties and to the public.

Sec. 394.206. BOND; INSURANCE. (a) A provider shall, at the time the provider files an initial or renewal registration application with the commissioner, file:

(1) a surety bond; or

(2) evidence that the provider maintains an insurance policy in a form approved by the commissioner.

(b) The bond or insurance must:

(1) run concurrently with the period of registration;

(2) be available to pay damages and penalties to consumers directly harmed by a violation of this subchapter;

(3) be in favor of this state for the use of this state and the use of a person who has a cause of action under this subchapter against the provider;

(4) be in an amount equal to the average daily balance of the provider's trust account serving Texas consumers over the six-month period preceding the issuance of the bond, or in the case of an initial application, in an amount determined by the commissioner, but not less than \$25,000 or more than \$100,000;

(5) if an insurance policy:

(A) provide coverage for professional liability, employee dishonesty, depositor's forgery, and computer fraud in an amount not less than \$100,000;

(B) be issued by a company rated at least "A-" or its equivalent by a nationally recognized rating organization; and

(C) provide for 30 days advance written notice of termination of the policy to be provided to the commissioner;

(6) be issued by a bonding, surety, or insurance company that is authorized to do business in the state; and

(7) be conditioned on the provider and its agents complying with all state and federal laws, including regulations, governing the business of debt management services.

(c) In lieu of a bond or insurance, the finance commission by rule may establish alternative financial requirements to provide substantially equivalent protection to pay damages and penalties to consumers directly harmed by a violation under this subchapter.

(d) The commissioner may adjust the amount of the provider's bond or insurance only when the provider applies for renewal of registration and requests a review of the bond or insurance amount.

Sec. 394.207. ADVERTISING. A provider may not engage in false or deceptive advertising.

Sec. 394.208. REQUIRED ACTIONS BY PROVIDER. (a) A provider may not enroll a consumer in a debt management plan unless:

(A) provided the consumer individualized counseling and educational information that at a minimum addresses the topics of managing household finances, managing credit and debt, and budgeting;

(B) prepared an individualized financial analysis and an initial debt management plan for the consumer's debts with specific recommendations regarding actions the consumer should take;

(C) determined that the consumer has a reasonable ability to make payments under the proposed debt management plan based on the information provided by the consumer;

(D) a reasonable expectation, provided that the consumer has provided accurate information to the provider, that each creditor of the consumer listed as a participating creditor in the plan will accept payment of the consumer's debts as provided in the initial plan;

(E) prepared, for all creditors identified by the consumer or identified through additional investigation by the provider, a list, which must be provided to the consumer in a form the consumer may keep, of the creditors that the provider reasonably expects to participate in the plan; and

(F) provided a written document to the consumer in a form the consumer may keep that clearly and conspicuously contains the following statements:

(i) that debt management services are not suitable for all consumers and that consumers may request information about other ways, including bankruptcy, to deal with indebtedness;

(ii) that the nonprofit or tax-exempt organization cannot require donations or contributions; and

(iii) that some of the provider's funding comes from contributions from creditors who participate in debt management plans, except that a provider may substitute for "some" the actual percentage of creditor contributions it received during the most recent reporting period.

(b) If the provider discusses its services with a consumer primarily in a language other than English, the provider must provide the debt management agreement in that language.

(c) A consumer must give at least 10 days' notice to the provider to cancel a debt management services agreement. The provider must cancel a debt management services agreement within 10 days after the date the provider receives the notice from the consumer. The provider must continue making disbursements to the consumer's creditors if money has been paid to the provider under the agreement until the expiration of the 10-day period, unless otherwise agreed in writing by the consumer and the provider.

(d) A provider may provide the information required by Subsections (a)(2)(B), (E), and (F) through its Internet website if the provider:

(1) has complied with the federal Electronic Signatures in Global and National Commerce Act (15 U.S.C. Section 7001 et seq.);

(2) informs the consumer that, on electronic, telephonic, or written request the provider will make available to the consumer a paper copy or copies; and

(3) discloses on its Internet website:

(A) the provider's name and each name under which it does business;

(B) the provider's principal business address and telephone number;

and

(C) the names of the provider's principal officers.

(e) A provider, including a provider that does business only or principally through the Internet, shall maintain a telephone system staffed at a level that reasonably permits a consumer to access a counselor during ordinary business hours.

(f) A provider shall provide each consumer for whom it provides debt management services a written report accounting for:

(1) the amount of money received from the consumer since the last report;

(2) the amount and date of each disbursement made on the consumer's behalf to each creditor listed in the agreement since the last report;

(3) any amount deducted from amounts received from the consumer; and

(4) any amount held in reserve.

(g) The provider shall provide the report under Subsection (f):

(1) at least once each calendar quarter; and

(2) not later than the 10th business day after the date of a request by a consumer.

Sec. 394.209. WRITTEN DEBT MANAGEMENT SERVICES AGREEMENT.

(a) A debt management services provider may not prepare a debt management services agreement before the provider has fully complied with Sections 394.208(a) and (b).

(b) Each debt management services agreement must:

(1) be dated and signed by the consumer;

(2) include the name and address of the consumer and the name, address, and telephone number of the provider;

(3) describe the services to be provided;

(4) state all fees, individually itemized, to be paid by the consumer;

(5) list in the agreement or accompanying document, to the extent the information is available to the provider at the time the agreement is executed, each participating creditor of the consumer to which payments will be made, and based on information provided by the consumer the amount owed to each creditor and the schedule of payments the consumer will be required to make to the creditor, including the amount and date on which each payment will be due;

(6) state the existence of a surety bond or insurance for consumer claims;

(7) state that establishment of a debt management plan may impact the consumer's credit rating and credit score either favorably or unfavorably, depending on creditor policies and the consumer's payment history before and during participation in the debt management plan; and

(8) state that either party may cancel the agreement without penalty at any time on 10 days' notice and that a consumer who cancels an agreement is entitled to a refund of all money that the consumer has paid to the provider that has not been disbursed.

(c) A debt management services agreement may contain a voluntary consumer arbitration provision or a voluntary mediation provision.

(d) A provider may deliver the debt management services agreement through the Internet if the provider:

(1) has complied with the federal Electronic Signatures in Global and National Commerce Act (15 U.S.C. Section 7001 et seq.);

(2) sends the consumer a paper copy of the agreement not later than the seventh day after the date of a request by a consumer to do so; and

(3) discloses on a prominent page of its Internet website:

(A) the provider's name and each name under which it does business;

(B) the provider's principal business address and telephone number;

and

(C) the names of the provider's principal officers.

(e) If the provider discusses its services or negotiates with a consumer primarily in a language other than English, the provider may not begin performance of a debt management plan until the provider and consumer sign a copy of the written agreement, provided by the debt management services provider, in that language and a copy is made available to the consumer.

Sec. 394.210. PERMITTED FEES. (a) With respect to the provision of a debt management plan service, a provider may not impose a fee or other charge on a consumer, or receive payment from a consumer or other person on behalf of a consumer except as allowed under this section.

(b) For the purposes of this section, fees or charges include both voluntary contributions and any other fees charged to or collected from a consumer or on behalf of the consumer.

(c) Any fee charged by a provider must be fair and reasonable given the value of the products and services provided to the consumer, including consideration of the amount subject to debt management and the number of anticipated payments. A fee or a portion of a fee that is specifically related to a debt management plan may not be charged until the provider has complied with Sections 394.208(a) and (b) and 394.209.

(d) A provider may charge a monthly maintenance fee if the fee is fair and reasonable.

(e) A fee charged for a service other than a debt management service must be fair and reasonable.

Sec. 394.211. TRUST ACCOUNT. (a) A provider must use a trust account for the management of all money paid by or on behalf of a consumer for disbursement to the consumer's creditor. A provider may not commingle the money in a trust account established for the benefit of consumers with any operating funds of the provider. A provider shall exercise due care to appropriately manage the funds in the trust account.

(b) The trust account must at all times be materially in balance with and reconciled to the consumers' accounts. Failure to maintain that balance is cause for a summary suspension of registration under Section 394.204.

(c) If a trust account does not contain sufficient money to cover the aggregate consumer balances, and the provider has not corrected the deficiency within 48 hours of discovery, the provider shall notify the commissioner by telephone, facsimile, electronic mail, or other method approved by the commissioner, and provide written notice including a description of the remedial action taken.

Sec. 394.212. PROHIBITED ACTS AND PRACTICES. (a) A provider may not:

(1) purchase a debt or obligation of a consumer;

(2) receive or charge a fee in the form of a promissory note or other negotiable instrument other than a check or a draft;

(3) lend money or provide credit to the consumer;

(4) obtain a mortgage or other security interest in property owned by a consumer;

(5) engage in business with an entity described by Section 394.204(c)(3) without prior consent of the commissioner, except that unless denied, consent is considered granted 30 days after the date the provider notifies the commissioner of the intent to engage in business with an organization described by Section 394.204(c)(3);

(6) offer, pay, or give a gift, bonus, premium, reward, or other compensation to a person for entering into a debt management services agreement;

(7) represent that the provider is authorized or competent to furnish legal advice or perform legal services unless supervised by an attorney as required by State Bar of Texas rules;

(8) use an unconscionable means to obtain a contract with a consumer;

(9) engage in an unfair, deceptive, or unconscionable act or practice in connection with a service provided to a consumer; or

(10) require or attempt to require payment of an amount that the provider states, discloses, or advertises to be a voluntary contribution from the consumer.

(b) A provider does not have a claim:

(1) for breach of contract against a consumer who cancels an agreement pursuant to this subchapter; or

(2) in restitution with respect to an agreement that is void under this subchapter.

(c) A provider may not include any of the following provisions in a disclosure related to debt management services or in a debt management services agreement:

(1) a confession of judgment clause;

(2) a waiver of the right to a jury trial, if applicable, in an action brought by or against a consumer;

(3) an assignment of or order for payment of wages or other compensation for services; or

(4) a waiver of a provision of this subchapter.

Sec. 394.213. DUTIES OF PROPER MANAGEMENT. A provider has a duty to a consumer who receives debt management services from the provider to ensure that client money is managed properly at all times.

Sec. 394.214. ADDITIONAL ENFORCEMENT POWERS. (a) The finance commission may adopt rules to carry out this subchapter.

(b) The commissioner may:

(1) investigate the activities of a person subject to this subchapter to determine compliance with this subchapter, including examination of the books, accounts, and records of a provider; and

(2) require or permit a person to file a statement under oath and otherwise subject to the penalties of perjury, as to all the facts and circumstances of the matter to be investigated.

(c) Failure to comply with an investigation under Subsection (b) is grounds for issuance of a cease and desist order.

(d) The commissioner may receive and act on complaints, take action to obtain voluntary compliance with this subchapter, and refer cases to the attorney general for prosecution.

(e) The commissioner may enforce this subchapter and rules adopted under this subchapter by:

(1) ordering the violator to cease and desist from the violation and any similar violations;

(2) ordering the violator to take affirmative action to correct the violation, including the restitution of money or property to a person aggrieved by the violation;

(3) imposing an administrative penalty not to exceed \$1,000 for each violation as provided by Subchapter F, Chapter 14; or

(4) rejecting an initial application or revoking or suspending a registration as provided by Section 394.204.

(f) In determining the amount of an administrative penalty to be imposed under this section, the commissioner shall consider the seriousness of the violation, the good faith of the violator, the violator's history of previous violations, the deleterious effect of the violation on the public, the assets of the violator, and any other factors the commissioner considers relevant.

(g) The commissioner, on relation of the attorney general at the request of the commissioner, may bring an action in district court to enjoin a person from engaging in an act or continuing a course of action that violates this chapter. The court may order a preliminary or final injunction.

Sec. 394.215. PRIVATE REMEDIES. (a) An agreement for debt management services between a consumer and a person that is not registered under this subchapter is void.

(b) A consumer is entitled to recover all fees paid by the consumer under a void agreement, costs, and reasonable attorney's fees.

(c) In addition to any other remedies provided by this subchapter, a consumer who is aggrieved by a violation of this subchapter, a rule adopted by the finance commission under this subchapter, or by any unfair, unconscionable, or deceptive act or practice may recover:

(1) actual damages;

(2) punitive damages for acts or practices under a void agreement; and

(3) the costs of the action, including reasonable attorney's fees based on the amount of time involved.

(d) An aggrieved consumer may sue for injunctive and other appropriate equitable relief to stop a person from violating this subchapter.

(e) The remedies provided in this section are not intended to be the exclusive remedies available to a consumer nor must the consumer exhaust any administrative remedies provided under this subchapter or any other applicable law.

SECTION 2. Subchapter B, Chapter 394, Finance Code, is repealed.

SECTION 3. A person is not required to be registered under Section 394.204, Finance Code, as added by this Act, before January 1, 2006.

A BILL TO BE ENTITLED
AN ACT

relating to the Texas Emergency Services Retirement System; providing an administrative penalty.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. Title 8, Government Code, is amended by adding Subtitle H to read as follows:

SUBTITLE H. TEXAS EMERGENCY SERVICES RETIREMENT SYSTEM
CHAPTER 861. GENERAL PROVISIONS

Sec. 861.001. DEFINITIONS. In this subtitle:

(2) "Auxiliary employee" means a person who receives compensation at a rate that does not exceed the federal minimum wage by more than \$2 an hour, as established under the Fair Labor Standards Act of 1938 (29 U.S.C. Section 201 et seq.), for performing emergency services and is certified by a political subdivision of this state as being regularly engaged in the performance of duties for a participating department in an appointive office or position that normally requires services from the person for fewer than 1,000 hours a year, but excludes a person who is eligible to receive credit for the same service in either the Texas County and District Retirement System or the Texas Municipal Retirement System.

(3) "Commissioner" means the firefighters' pension commissioner appointed under Section 21, Texas Local Fire Fighters Retirement Act (Article 6243e, Vernon's Texas Civil Statutes).

(4) "Dependent" means an unmarried child, natural or adopted, who:

(A) is less than 18 years of age;

(B) is less than 19 years of age and a full-time student at an elementary or secondary school; or

(C) became disabled before the child's 22nd birthday and remains disabled.

(10) "Qualified service" means service:

(A) for a participating department that is recognized as an emergency services department by its governing body and that conducts at least 48 hours of training in a calendar year; and

(B) that is performed by a member in good standing in the department who attends at least 20 hours of annual training and at least 25 percent of the department's emergencies in a calendar year or who does not attend because the member is absent because of military duty.

(11) "State board" means the state board of trustees established under Section 865.001.

Section 201 et seq.).

Sec. 861.002. PENSION SYSTEM. The pension system is a public entity. The Texas Emergency Services Retirement System is the name by which all its business shall be transacted, all its funds invested, and all its cash, securities, and other property held.

Sec. 861.003. POWERS AND PRIVILEGES. The pension system has the powers, privileges, and immunities of a corporation as well as the powers, privileges, and immunities conferred by this subtitle.

Sec. 861.004. EXEMPTION FROM EXECUTION. All benefit payments, contributions, money in the pension system fund, and rights accrued or accruing under this subtitle to any person are exempt from garnishment, attachment, state and local taxation, levies, and any other process and are unassignable.

Sec. 861.005. NO DIVERSION OF ASSETS. The fund must be maintained for the exclusive benefit of members, retirees, and their beneficiaries. At no time before the termination of the fund and the satisfaction of all liabilities with respect to members, retirees, and their beneficiaries may any part of the principal of or interest from fund assets be used for or diverted to a purpose other than the exclusive benefit of the members, retirees, and their beneficiaries.

Sec. 861.006. PLAN QUALIFICATION AND DISTRIBUTIONS. (a) The legislature intends that this subtitle be construed and administered in a manner so that the pension system's benefit plan will be considered a qualified plan under Section 401(a) of the Internal Revenue Code of 1986 (26 U.S.C. Section 401). The state board may adopt rules that modify the plan as necessary to meet those qualification requirements.

(b) Notwithstanding any other provision of this subtitle, all distributions under this subtitle must be made in accordance with applicable provisions of the Internal Revenue Code of 1986 and regulations adopted under that code.

(c) The state board by rule may authorize an eligible rollover distribution to be made in the form of a direct trustee-to-trustee transfer.

Sec. 861.007. FORFEITURE NOT TO INCREASE BENEFITS. A forfeiture that occurs under this subtitle may not be used to increase the benefits that any member would otherwise receive under this subtitle.

CHAPTER 862. MEMBERSHIP

Sec. 862.001. PARTICIPATION BY DEPARTMENT. (a) The governing body of a department that performs emergency services may, in the manner provided for taking official action by the body, elect to participate in the pension system. A

governing body shall notify the commissioner as soon as practicable of an election made under this subsection. Except as provided by Subsection (b), an election to participate under this subsection is irrevocable.

(b) The governing body of a department that makes an election under Subsection (a) may terminate participation in the pension system not later than the fifth anniversary of the date of the election to participate, except that a department that begins participation after September 1, 2005, may not terminate that participation.

Sec. 862.002. MEMBERSHIP BY INDIVIDUAL. (a) Except as otherwise provided by this section, each person who performs service as a volunteer or auxiliary employee of a participating department is a member of the pension system.

(b) A person is not a member of the pension system if the person:

(1) is less than 18 years of age;

(2) is in a probationary period of service before becoming a regular member of a participating department for which the department is not making contributions for the service;

(3) does not receive a certification of physical fitness or assignment to support duties under Section 862.003; or

(4) is retired under this subtitle, regardless of whether the person continues to participate in emergency service-related functions for a department from which the person retired.

Sec. 862.003. CERTIFICATION OF PHYSICAL FITNESS. (a) A prospective member shall present to the local board a certification of physical fitness by a qualified physician. The person becomes a member of the pension system if the local board accepts the certification or if the local board assigns the person to support duties.

(b) A local board shall assign a person to support duties if the person does not present an acceptable certification and the person is at least 18 years of age, is not retired from the pension system, and is not serving a probationary period before becoming a regular member of a participating department.

Sec. 862.004. DEPARTMENTAL ELECTIONS AND MERGERS. The state board may adopt rules for governing body elections under Section 862.001 or for the merger of existing pension plans into the pension system.

CHAPTER 863. CREDITABLE SERVICE

Sec. 863.001. CREDIT FOR CURRENT SERVICE. A member is entitled to receive credit in the pension system for each month of qualified service for which the system receives the contributions required by this subtitle.

Sec. 863.002. CREDIT FOR MILITARY SERVICE. The pension system shall grant credit for qualified service for military duty in accordance with Section 414(u) of the Internal Revenue Code of 1986 (26 U.S.C. Section 414(u)) and other applicable federal law.

Sec. 863.003. TRANSFER OF SERVICE CREDIT. A member who terminates service, except by retirement, and later resumes service with the same participating department or begins service with another participating department may transfer all previously accrued service credit to the new department.

Sec. 863.004. PRIOR SERVICE OF MEMBER BEFORE DEPARTMENTAL PARTICIPATION. The state board by rule may authorize the granting of credit for service with a participating department that was performed before the date the department began participation in the pension system. The costs of granting prior service credit under this section must be determined on a basis that maintains the pension system as actuarially sound.

CHAPTER 864. BENEFITS

Sec. 864.001. ELIGIBILITY FOR SERVICE RETIREMENT ANNUITY. (a) The state board by rule shall determine the period of qualified service and, if appropriate, the age required for a member to receive a service retirement annuity with full benefits after the member terminates service with a participating department. The state board by rule may provide for partial vesting of benefits after a particular period.

(b) The state board may change the benefit formula for any person who is not an annuitant of the pension system.

Sec. 864.002. SERVICE RETIREMENT ANNUITY. (a) A service retirement annuity is payable in monthly installments based on:

(1) the governing body's average monthly contribution during the member's term of qualified service under this subtitle, not including a contribution to reduce the unfunded accrued actuarial liability of the pension system; and

(2) a formula adopted by the state board by rule that allows the pension system, assuming maximum state contributions are provided under Section 865.015, to be maintained as actuarially sound.

(b) The state board by rule may provide, for each year of qualified service in excess of the period provided under Section 864.001 for full benefits, an additional amount that is a percentage of the person's monthly pension, compounded annually. A person may receive a proportional credit for months of qualified service that make up less than a year.

Sec. 864.003. SERVICE RETIREMENT BENEFITS FROM MORE THAN ONE DEPARTMENT. A member who performs qualified service for more than one participating department may become eligible to receive a service retirement annuity for service from each department but, if the person dies while a member, the member's beneficiary must choose between an on-duty and off-duty death benefit, if applicable.

Sec. 864.004. DISABILITY RETIREMENT ANNUITY. (a) A member must, at the time of disability, elect between a service or disability retirement annuity, if eligible for both.

(b) A member who is disabled during the performance of emergency service duties is automatically vested 100 percent as of the date of disability if the disability occurs before the member has completed the period provided under Section 864.001 for full service retirement benefits.

(c) A member whose disability results from performing emergency service duties is guaranteed a disability retirement annuity of \$300 a month or a greater amount that the state board by rule adopts based on monthly contributions of a participating department for its members.

(d) A person who is determined to be temporarily disabled must apply to the Social Security Administration and be certified, not later than the second anniversary of the date the person was determined to be temporarily disabled, as permanently disabled by that agency or by any alternative procedure the state board provides by rule.

Sec. 864.005. CERTIFICATION AND CONTINUANCE OF DISABILITY. (a) A local board shall require a member who is receiving temporary disability benefits to file a disability rating report every three months from a physician chosen by the local board. If a report indicates a significant change of condition, the local board, after notice and a hearing, may adopt an order to terminate payments or place the member on permanent disability. The local board shall send a copy of each order adopted under this subsection to the commissioner.

(b) Disability benefits cease if the recipient becomes capable of performing the duties of the person's most recent position with a participating department or the duties of another occupation for which the person is reasonably suited by education, training, and experience. Rejection of a suitable offer of employment is conclusive evidence for purposes of this subtitle that the person is no longer eligible to receive disability retirement benefits, if the employment would provide the person with a salary equal to or greater than the salary the person was earning at the time the disability occurred.

(c) The state board or a local board may require financial information from a person as a condition to the continued receipt of disability retirement benefits, including federal income tax returns and wage earning forms. Failure to provide requested information is a ground for terminating benefits.

Sec. 864.006. MEMBER SERVICE DEATH BENEFITS. (a) The surviving spouse and dependents of a member who dies as a result of performing emergency service duties are entitled to receive in equal shares a death benefit annuity equal to two-thirds of the service retirement annuity that the decedent would have been entitled to receive if the decedent had been able to retire, vested at 100 percent, on the date of the decedent's death. As long as both the spouse and one or more dependents survive, an additional one-third of that annuity is payable to the dependents in equal shares.

(b) The beneficiary of a member who dies as a result of performing emergency service duties is entitled to a lump-sum benefit of \$5,000 or a greater amount that the state board provides by rule.

Sec. 864.007. MEMBER NONSERVICE DEATH BENEFIT. The state board by rule may provide the beneficiary of a deceased member whose death did not result from the performance of emergency service duties a lump-sum benefit that is the greater of:

- (1) the amount contributed to the fund on the decedent's behalf; or
- (2) the sum that would have been contributed on the decedent's behalf from whatever source at the end of the period provided under Section 864.001 for full service retirement benefits.

Sec. 864.008. VESTED MEMBER DEATH BENEFIT ANNUITY. (a) The surviving spouse of a deceased member who dies before retirement but after meeting the minimum age and service requirements for service retirement is entitled to two-thirds of the monthly annuity that the decedent would have received if the decedent had retired on the date of death.

(b) The surviving spouse of a deceased member who dies after terminating service with all participating departments and meeting a vesting requirement under Section 864.001 but before attaining the age of 55 is entitled to a death benefit annuity, beginning on the date that the decedent would have attained that age, equal to two-thirds of the monthly annuity to which the decedent would have been entitled on that date.

Sec. 864.009. RETIREE DEATH BENEFIT ANNUITY. The surviving spouse of a person who dies after retirement is entitled to two-thirds of the monthly annuity the decedent was receiving at the time of death.

Sec. 864.010. BENEFITS FOR MEMBERS AND RETIREES OF DEPARTMENT THAT WITHDRAWS FROM PARTICIPATION OR CEASES TO EXIST. (a) The commissioner shall continue to administer benefits of the pension system for members and retirees who perform service for a formerly participating department that has withdrawn from participation in the pension system or has ceased to exist.

(b) The governing body of a political subdivision in which a department described by Subsection (a) is or was located shall perform the duties required of a local board for the members and retirees who served for the formerly participating department.

Sec. 864.011. FIRST PAYMENT OF RETIREMENT OR DEATH BENEFIT ANNUITY. The cashing or depositing of the first payment of a service, disability, or death benefit annuity by a person entitled to it is considered acceptance of the amount of the annuity and, if the annuity is based on the payee's service, is conclusive evidence for purposes of this subtitle that the payee is retired.

Sec. 864.012. CERTAIN BENEFICIARIES. (a) If a member names more than one beneficiary for a lump-sum death benefit, the pension system shall divide the benefit equally among the named beneficiaries or, if the member has designated a proportional division, each beneficiary is entitled to the proportion designated.

(b) Except as provided by Subsection (a), lump-sum death benefits are subject to the laws of descent and distribution if the decedent has not provided for testamentary disposition.

Sec. 864.013. COST-OF-LIVING INCREASE. The state board by rule may provide a cost-of-living increase for any benefit provided by the pension system. If benefits are increased, the state board shall require an increase in governing body contributions if necessary to maintain an actuarially sound pension system.

Sec. 864.014. STATE BOARD AUTHORITY FOR LUMP-SUM PAYMENTS. In lieu of any annuity otherwise payable under this subtitle, the state board by rule may provide for a lump-sum payment if the board determines that a lump-sum payment is cost-efficient or is necessary for the pension system to remain actuarially sound.

Sec. 864.015. CURRENT PLAN DESIGN. Notwithstanding any other provision of this chapter, the state board by rule may maintain the benefit structure in effect on August 31, 2005, regardless of whether the pension system is actuarially sound.

Sec. 864.016. CLAIM AND APPEAL PROCEDURE. (a) A claim for benefits must be filed with the local board. On receiving a claim, the local board shall hold a hearing to decide the claim. The local board shall send a written copy of its decision to the claimant and the commissioner.

(b) A person aggrieved by a decision of a local board relating to eligibility for or the amount of benefits under this subtitle may appeal the decision to the commissioner.

(c) An appeal under this section is begun by delivering a notice of appeal to the presiding officer or secretary of the local board that made the decision. The notice must be delivered not later than the 20th day after the date of the decision and contain a brief description of the reasons for the appeal. The aggrieved person must file a copy of the notice with the commissioner.

Sec. 865.002. INELIGIBILITY OF CERTAIN EMPLOYEES FOR STATE BOARD. (a) A person is not eligible for appointment to the state board if the person or the person's spouse is employed by or participates in the management of a business entity or other organization regulated by or receiving funds from the state board or the fund.

(b) A person may not serve as a trustee of the state board or act as the general counsel to the state board if the person is required to register as a lobbyist under Chapter 305 because of the person's activities for compensation on behalf of a business or an association related to the operation of the state board.

Sec. 865.003. COMPENSATION; EXPENSES. Trustees of the state board serve without compensation but may be reimbursed for actual and necessary expenses incurred in performing state board functions.

- (5) is absent from more than half of the regularly scheduled state board meetings that the trustee is eligible to attend during a calendar year unless the absence is excused by a majority vote of the state board.

(b) The validity of an action of the state board is not affected by the fact that it is taken when a ground for removal of a trustee exists.

(c) If the commissioner has knowledge that a potential ground for removal exists, the commissioner shall notify the presiding officer of the state board of the ground. The presiding officer shall then notify the governor that a potential ground for removal exists.

Sec. 865.006. GENERAL DUTIES OF STATE BOARD. A determination of whether the state board has exercised prudence with respect to an investment decision must be made, taking into consideration the investment of all assets of the trust over which the state board has management and control rather than considering the prudence of a single investment.

Sec. 865.010. COMMISSIONER'S DUTIES. (a) The commissioner shall oversee the distribution of all benefits.

(c) Contributions required as provided by this section shall be paid at the times and in the manner that the state board prescribes by rule. Contributions required by this section shall be submitted by electronic funds transfer unless the commissioner grants an exception based on the difficulty of a participating department's use of that payment method. Contributions that are not paid within the time required by the state board accrue interest at the most recent assumed actuarial rate of return on investments of the fund.

(d) The state board may by rule require a monthly contribution from political subdivisions that do not participate in the pension system but whose employees or former employees are members or retirees of the pension system in an amount necessary to pay the expenses of administering benefits for those persons.

A person who cannot afford to pay the penalty or file the bond may stay the enforcement by filing an affidavit in the manner required by the Texas Rules of Civil Procedure for a party who cannot afford to file security for costs, subject to the right of the state board to contest the affidavit as provided by those rules.

(e) The attorney general may file suit to collect the penalty. Penalties recovered will be deposited in the fund.

(2) may enforce that liability on behalf of the individual.

Sec. 1506.302. BENEFITS NOT PAYABLE; ADVANCE OF BENEFITS AUTHORIZED. (a) Under coverage provided by the pool, benefits are not payable for an injury or illness for which a third party may be liable under contract, tort law, or other law.

(b) Notwithstanding Subsection (a), the pool may advance to a covered individual the benefits provided under the pool coverage for medical expenses resulting from the injury or illness, subject to the pool's right to subrogation and reimbursement under this subchapter.

Sec. 1506.303. REIMBURSEMENT OF POOL REQUIRED. (a) Subject to Section 1506.305, the amount recovered by a covered individual in an action against a third party who is liable for the injury or illness must be used to reimburse the pool for benefits for medical expenses that have been advanced under Section 1506.302.

(b) The amount of reimbursement required by this section is not reduced by the application of the doctrine established at common law relating to adequate compensation of insureds and commonly referred to as the "made whole" doctrine.

(c) Subject to Section 1506.305, the pool shall treat any amount recovered by a covered individual in an action against a third party who is liable for the injury or illness that exceeds the amount of the reimbursement required under this section as an advance against future medical benefits for the injury or illness that the individual would otherwise be entitled to receive under pool coverage.

Sec. 1506.304. RESUMPTION OF PAYMENT OF BENEFITS. If the amount treated as an advance under Section 1506.303(c) is adequate to cover all future medical costs for the covered individual's injury or illness, the pool is not required to resume the payment of benefits. If the advance is insufficient, the pool shall resume the payment of benefits when the advance is exhausted.

Sec. 1506.305. ATTORNEY'S FEE FOR REPRESENTATION OF POOL'S INTEREST. (a) For purposes of this section, the pool's recovery includes:

(b) If the pool's interest is not actively represented by an attorney in a third-party action under this subchapter, the pool shall pay a fee to an attorney representing the claimant in the amount agreed on between the attorney and the pool. In the absence of an agreement, the court shall award to the attorney payable out of the pool's recovery:

(1) a reasonable fee for recovery of the pool's interest that may not exceed one-third of the pool's recovery; and

(2) a proportionate share of the reasonable expenses incurred.

(c) An attorney who represents a covered individual and is also to represent the interests of the pool under this subchapter must make a full written disclosure to the covered individual before employment as an attorney by the pool. The covered individual must acknowledge the disclosure and consent to the representation. A signed copy of the disclosure shall be provided to the covered individual and the pool. A copy of the disclosure with the covered individual's consent must be filed with the pleading before a judgment is entered and approved by the court. The attorney may not receive a fee under this section to which the attorney is otherwise entitled under an agreement with the pool unless the attorney complies with the requirements of this subsection.

(d) If an attorney actively representing the pool's interest actively participates in obtaining a recovery, the court shall award and apportion between the covered individual's and the pool's attorneys a fee payable out of the pool's subrogation recovery. In apportioning the award, the court shall consider the benefit accruing to the pool as a result of each attorney's service. The total attorney's fees may not exceed one-third of the pool's recovery.

(d) If this chapter applies to the fire department of and firefighters employed by an emergency services district and the population of the district decreases to less than 30,000, the applicability of this chapter in relation to the district is not affected.

Sec. 179.006. DISCIPLINARY SUSPENSION OR DISMISSAL. (a) The head of a fire department for just cause may suspend or dismiss from employment a firefighter for violating a rule of the fire department or of the emergency services employer. A rule described by this subsection must have been adopted by the governing body of the emergency services employer.

(b) A firefighter may be suspended for a reasonable period not to exceed 15 days or may be dismissed from employment with the fire department.

(c) If a department head suspends or dismisses a firefighter, the department head shall, within 120 hours after the hour of suspension or dismissal:

(1) file a written statement of the reasons for the suspension or dismissal with the governing body of the emergency services employer; and

(2) deliver in person to the firefighter a copy of the statement described by Subdivision (1) and a written statement that if the firefighter wishes to appeal the suspension or dismissal, the firefighter must file a written notice of appeal with the governing body not later than the 10th day after the date the firefighter receives the copy of the statement described by Subdivision (1) and the statement described by this subdivision.

(d) The written statement filed by the department head with the governing body under Subsection (c)(1) must list each fire department or emergency services employer rule allegedly violated by the firefighter and specifically describe the actions of the firefighter that allegedly violate the rule.

(e) A department head may not amend a written statement of the reasons for a firefighter's suspension or dismissal from employment submitted under Subsection (c).

Sec. 179.007. APPEAL OF DISCIPLINARY SUSPENSION OR DISMISSAL.

(a) If a firefighter files a notice of appeal of the firefighter's suspension or dismissal from employment with the governing body of the emergency services employer, the governing body shall hold a hearing on the appeal and render a written decision not later than the 30th day after the date the governing body receives the notice of appeal from the firefighter. The firefighter and the governing body may agree to postpone the hearing for a definite period.

(b) In a hearing conducted under this section, the department head may only allege actions and rule violations included in the department head's original written statement submitted to the governing body of the emergency services employer under Section 179.006(c)(1).

(c) The governing body of the emergency services employer may deliberate in closed session after a hearing conducted under this section. In reaching its decision after the hearing, the governing body may not consider evidence that was not presented at the hearing. The governing body must vote on the decision regarding an appeal under this section in open session.

(d) In its decision, the governing body of an emergency services employer shall state whether the firefighter is:

(1) permanently dismissed from employment with the fire department;

(2) temporarily suspended from employment with the fire department; or

(3) reinstated to the firefighter's former position or status in the fire department.

(e) If in a decision rendered under this section the governing body of the emergency services employer finds that the period of disciplinary suspension should be reduced, the governing body may order a reduction in the period of suspension.

(f) A firefighter who is reinstated to the position or class of service from which the firefighter was suspended or dismissed is entitled to:

(1) full compensation for the actual time lost as a result of the suspension or dismissal at the rate of pay provided for the position held or class of service assigned; and

(2) restoration of or credit for any other benefits lost as a result of the suspension or dismissal, including sick leave, vacation leave, and service credit in a retirement system.

(g) The emergency services employer shall:

(1) make any standard payroll deductions for retirement and other benefits restored as provided by Subsection (f)(2) from any compensation paid under Subsection (f)(1); and

(2) make any of the employer's standard corresponding contributions to the retirement system or other applicable benefit system.

(h) A firefighter may be suspended or dismissed from employment only for a violation of the rules adopted by the governing body of the emergency services employer and only after a finding by the governing body of the truth of the specific charges made against the firefighter.

Sec. 179.008. APPEAL PROCEDURE. (a) A notice of appeal filed under Section 179.007 must:

(1) include the basis for the appeal and a request for a hearing; and

(2) contain a statement denying the truth of the charge as made, a statement taking exception to the legal sufficiency of the charge, a statement alleging that the recommended action does not fit the offense or alleged offense, or a combination of these statements.

(b) In each hearing, appeal, or review of any kind in which the governing body of the emergency services employer performs an adjudicatory function, the firefighter who is the subject of the hearing, appeal, or review is entitled to be represented by counsel or any other person the firefighter chooses. The hearing must be held in public.

(c) The governing body of the emergency services employer may issue subpoenas and subpoenas duces tecum for the attendance of witnesses and for the production of documentary material.

(d) The firefighter may request the governing body of the emergency services employer to subpoena any books, records, documents, papers, accounts, or witnesses that the firefighter considers pertinent to the case. The firefighter must make the request before the 10th day before the date the appeal hearing will be held. If the governing body does not subpoena the material, the governing body shall, before the third day before the date the hearing will be held, make a written report to the firefighter stating the reason the governing body will not subpoena the requested material. The report must be read into the public record of the hearing.

(e) Witnesses may be placed under the rule at a hearing conducted by the governing body of the emergency services employer.

(f) Only the evidence submitted at the hearing may be considered by the governing body of the emergency services employer.

(g) A public record of each proceeding shall be made, with copies available at cost.

(h) The governing body of the emergency services employer may designate three persons who are qualified voters within the employer's jurisdiction to serve as an appeal panel to hear and decide the appeal in lieu of the governing body. The appeal panel has the same powers and duties related to the appeal as the governing body, including the power to issue subpoenas.

Sec. 179.009. HEARING EXAMINER. (a) A firefighter may choose to appeal to a hearing examiner instead of the governing body of the emergency services employer. The appealing firefighter must submit to the governing body a written request as part of the original notice of appeal required under this chapter stating the person's decision to appeal to an independent third party hearing examiner.

(b) The hearing examiner's decision is final and binding on all parties. If the firefighter decides to appeal to an independent third party hearing examiner, the person automatically waives all rights to appeal to a district court except as provided by Section 179.010(e).

(c) If the appealing firefighter chooses to appeal to a hearing examiner, the firefighter and the department head, or their designees, shall first attempt to agree on the selection of an impartial hearing examiner. If the parties do not agree on the selection of a hearing examiner within 10 days after the date the appeal is filed, the parties shall immediately request a list of seven qualified neutral arbitrators from the American Arbitration Association or the Federal Mediation and Conciliation Service, or their successors in function. The firefighter and the department head, or their designees, may agree on one of the seven neutral arbitrators on the list. If the parties do not agree within five working days after the date they receive the list, each party or the party's designee shall alternate striking a name from the list, and the name remaining is the hearing examiner. The parties or their designees shall agree on a date for the hearing.

(d) The appeal hearing shall begin as soon as the hearing examiner can be scheduled. If the firefighter receives notice that the hearing examiner cannot begin the hearing within 45 days after the date of selection, the firefighter, within two days after receiving the notice, may call for the selection of a new hearing examiner using the procedure prescribed by Subsection (c).

(e) In a hearing conducted under this section, the hearing examiner has the same duties and powers as the governing body of the emergency services employer, including the power to issue subpoenas.

(f) In a hearing conducted under this section, the appealing firefighter shall pay the hearing examiner's fees and expenses. The party who calls a witness shall pay the costs of the witness.

Sec. 179.010. DISTRICT COURT PETITION. (a) A firefighter who is dissatisfied with the decision of the governing body of the emergency services employer may file a petition in a district court asking that the decision be set aside. The petition must be filed not later than the 10th day after the date the governing body's final decision is:

- (1) sent to the firefighter by certified mail; or
- (2) personally received by the firefighter or by the firefighter's designee.

(b) An appeal under this section is by trial de novo. The district court may grant the appropriate legal or equitable relief necessary to carry out the purposes of this chapter. The relief may include reinstatement with back pay if an order of suspension or dismissal is set aside.

(c) The court may award reasonable attorney's fees to the prevailing party and assess court costs against the nonprevailing party.

(d) If the court finds in favor of the firefighter, the court shall order the emergency services employer to pay lost wages to the firefighter.

(e) A district court may hear an appeal of a hearing examiner's award only on the grounds that the hearing examiner was without jurisdiction or exceeded the examiner's jurisdiction or that the order was procured by fraud, collusion, or other unlawful means.

(f) An appeal under this section must be brought in a district court having jurisdiction in the emergency services district or in a political subdivision in which the fire department is located, as applicable.

(e) If a market conduct examination conducted by another state results in a finding that an insurer should modify a specific practice or procedure, the commissioner shall accept documentation that the insurer has made a similar modification in this state in lieu of initiating a market conduct action or examination related to that practice or procedure. The commissioner may require other or additional practice or procedure modifications.

SUBCHAPTER D. MARKET ANALYSIS PROCEDURES

Sec. 751.151. COLLECTION OF INFORMATION; COMMISSIONER ANALYSIS. (a) Subject to Subsection (d), the commissioner shall gather insurance market information from:

- (1) data available to the department, including survey results and information required to be reported to the department;
- (2) information collected by the National Association of Insurance Commissioners and other public and private sources; and
- (3) information from within and outside the insurance industry.

(b) The commissioner shall analyze the information compiled under Subsection (a) as necessary to:

- (1) develop a baseline understanding of the insurance marketplace; and
- (2) identify for further review insurers or insurance practices that deviate significantly from the norm or that pose a potential risk to the insurance consumer.

(c) The commissioner shall use the market analysis handbook as a resource in performing the analysis required under this section.

(d) Except as otherwise specifically provided, the department or the commissioner, as applicable, may not require an insurer to report information in a manner that is inconsistent with the records the insurer maintains in the ordinary course of business or can create at a reasonable expense or effort.

Sec. 751.152. ADDITIONAL ANALYSIS OF MARKET ACTIONS. (a) If, as a result of the market analysis, the commissioner determines that further inquiry into a particular insurer or insurance practice is needed, the commissioner shall consider taking one or more of the market conduct actions described by Subsection (b) before conducting a targeted examination. If a market conduct action selected by the commissioner requires the participation of or a response by the affected insurer, the commissioner shall notify the insurer of the action selected in writing.

(b) Market conduct actions described by Subsection (a) may include:

- (1) correspondence with the insurer;
- (2) insurer interviews;
- (3) information gathering;
- (4) policy and procedure reviews;
- (5) interrogatories; and
- (6) review of insurer self-evaluation and compliance programs, including insurer membership in a best-practice organization.

(c) The commissioner shall select market conduct actions that are efficient and cost-effective for the department and the insurer while protecting the interests of the insurance consumer.

(d) The commissioner shall take steps reasonably necessary to:

(1) eliminate requests for information that duplicates or conflicts with information provided as part of an insurer's annual financial statement, the annual market conduct statement of the National Association of Insurance Commissioners, or other required schedules, surveys, or reports that are regularly submitted to the commissioner, or with data requests made by other states if that information is available to the commissioner, unless the information is state specific; and

(2) coordinate the market conduct actions and findings of this state with those of other states.

Sec. 751.153. PROTOCOLS FOR MARKET CONDUCT ACTIONS. (a) Each market conduct action taken as a result of a market analysis:

(1) must focus on the general business practices and compliance activities of insurers, rather than identifying infrequent or unintentional random errors that do not cause significant consumer harm; and

(2) may not result in a market conduct examination, unless the head of the insurance regulatory agency in the insurer's state of domicile determines that a market conduct examination is needed.

(b) The commissioner may determine the frequency and timing of the market conduct actions. The timing of an action depends on the specific market conduct action to be initiated unless extraordinary circumstances indicating a risk to consumers require immediate action.

(c) If the commissioner has information that more than one insurer is engaged in practices that may violate statutes or rules, the commissioner may schedule and coordinate multiple examinations simultaneously.

(d) The commissioner shall provide an insurer with an opportunity to resolve to the satisfaction of the commissioner any matter that arises as a result of a market analysis before any additional market conduct actions are taken against the insurer. If the insurer has modified a practice or procedure as a result of a market conduct action taken or examination conducted by the insurance commissioner of another state, and the commissioner deems that state's market conduct surveillance system comparable to the system required under this chapter, the commissioner may accept the modified practice or procedure and may require other or additional practice or procedure modifications.

(e) For an application by the department of a handbook, guideline, or other product referenced in this chapter that is the work product of the National Association of Insurance Commissioners that changes the way in which market conduct actions are conducted, the commissioner shall give notice and provide interested parties with an opportunity for a public hearing as provided by Chapter 2001, Government Code, if the change:

(1) necessitates a change in a statute or rule; or

(2) deviates from the applicable handbook, guideline, or other product most recently adopted by the National Association of Insurance Commissioners.

(f) Except as otherwise provided by law, each insurer or person from whom information is sought, and each officer, director, or agent of that insurer or person, shall provide the commissioner with convenient and free access to all books, records, accounts, papers, documents and any computer or other recordings relating to the property, assets, business and affairs of the insurer or person.

(g) Each officer, director, employee, insurance producer, and agent of an insurer or person described by Subsection (f) shall, to the extent of that individual's ability, facilitate and aid in a department market conduct action.

[Sections 751.154-751.200 reserved for expansion]

SUBCHAPTER E. EXAMINATIONS

Sec. 751.201. EXAMINATION. (a) If the commissioner determines that a market conduct action described by Section 751.152(b) is not appropriate, the commissioner may conduct a targeted examination in accordance with the market conduct uniform examination procedures and the market conduct examiners handbook.

(b) A targeted examination may be conducted through a desk examination or an on-site examination. To the extent feasible, the department shall conduct a market conduct examination through desk examinations and data requests before conducting an on-site examination.

(c) The department shall conduct an examination in accordance with the market conduct examiners handbook and the market conduct uniform examinations procedures.

(d) The department shall use the standard data request or a successor product that is substantially similar to the standard data request as adopted by the commissioner by rule.

(e) If the insurer to be examined is not a domestic insurer, the commissioner shall coordinate the examination with the insurance commissioner of the state in which the insurer is organized.

Sec. 751.202. WORK PLAN. Before beginning an examination, market conduct surveillance personnel shall prepare a work plan that includes:

- (1) the name and address of the insurer to be examined;
- (2) the name and contact information of the examiner-in-charge;
- (3) a statement of the reasons for the examination;
- (4) a description of the scope of the examination;
- (5) the date the examination is scheduled to begin;
- (6) notice to any non-insurance department personnel who will assist in the examination;

- (7) a time estimate for the examination; and
- (8) if the cost of the examination is billed to the affected insurer:
 - (A) a budget for the examination; and
 - (B) an identification of factors that will be included in the billing.

Sec. 751.203. NOTICE OF EXAMINATION. (a) Unless the examination is conducted in response to extraordinary circumstances as described by Section 751.153(b), the department shall notify an affected insurer of an examination not later than the 60th day before the scheduled date of the beginning of the examination. The notice must include the examination work plan and a request that the insurer name an examination coordinator for the insurer.

(b) In addition to the notice required under Subsection (a), the commissioner shall post notice that a market conduct examination has been scheduled on the National Association of Insurance Commissioners examination tracking system.

(c) If a targeted examination is expanded beyond the reasons provided to the insurer in the notice of the examination required under Subsection (a), the commissioner shall provide written notice to the insurer, explaining the extent of the expansion and the reasons for the expansion. The department shall provide a revised work plan to the insurer before the beginning of any significantly expanded examination.

Sec. 751.204. PRE-EXAMINATION CONFERENCE. Not later than the 30th day before the scheduled date of the examination, the commissioner shall conduct a pre-examination conference with the insurer's examination coordinator and key personnel to clarify expectations.

Sec. 751.205. EXIT CONFERENCE. Before the conclusion of an examination, the member of the market conduct surveillance personnel who is designated as the examiner-in-charge shall schedule an exit conference with the insurer.

Sec. 751.206. EXAMINATION REPORT. (a) Unless the commissioner and the insurer agree to a different schedule, the commissioner shall follow the time line established under this section.

(b) The commissioner shall deliver the draft examination report to the insurer not later than the 60th day after the date the examination is completed. For purposes of this section, the date the examination is completed is the date on which the exit conference is conducted.

(c) Not later than the 30th day after the date on which the insurer receives the draft examination report, the insurer shall provide any written comments regarding the report to the department.

(d) The department shall make a good faith effort to resolve issues with the insurer informally and shall prepare a final examination report not later than the 30th day after the date of receipt of the insurer's written comments on the draft report unless a mutual agreement is reached to extend the deadline.

(e) The department shall include the insurer's responses in the final examination report. The responses may be included as an appendix or in the text of the examination report. An insurer is not obligated to submit a response. An individual involved in the examination may not be named in either the report or the insurer response except to acknowledge the individual's involvement.

(f) The commissioner may make corrections and other changes to the final examination report as appropriate, and shall issue the report to the insurer. Not later than the 30th day after receipt of the final examination report under this subsection, the insurer shall accept the report, accept the findings of the report, or request a hearing. The commissioner and the insurer by mutual agreement may extend the period for an additional 30 days. A request for a hearing must be made in writing and must follow the requirements of Chapter 2001, Government Code.

Sec. 751.207. CONFIDENTIALITY OF EXAMINATION REPORT INFORMATION. (a) A final or preliminary market conduct examination report, and any information obtained during the course of an examination, is confidential and is not subject to disclosure under Chapter 552, Government Code. This section may not be construed to limit the commissioner's authority to use any final or preliminary market conduct examination report, any examiner or company work papers or other

documents, or any other information discovered or developed during the course of an examination in the furtherance of any legal or regulatory action that the commissioner, in the commissioner's sole discretion, may deem appropriate.

(b) This chapter does not prevent the commissioner from disclosing at any time the contents of a final market conduct examination report to the department, the insurance department of any other state, or an agency of the federal government, if the department or agency receiving the report agrees in writing to maintain the information as confidential and in a manner consistent with this chapter.

(c) The commissioner shall provide to an insurer subject to a final market conduct examination a written agreement described by Subsection (b) not later than the fifth day after the date the final market conduct examination is released under Subsection (b).

Sec. 751.208. ASSESSMENT OF COSTS OF EXAMINATION. (a) Subject to Subsection (d), if the reasonable and necessary cost of a market conduct examination is to be assessed against the affected insurer, fees for that cost must be consistent with those otherwise authorized by law. The fees must be itemized and bills for the fees must be provided to the insurer on a monthly basis for review prior to submission for payment.

(b) The commissioner shall actively manage and oversee examination costs, including costs associated with the use of department examiners and with retaining qualified contract examiners necessary to perform an on-site examination. To the extent the commissioner retains outside assistance, the commissioner shall adopt by rule written protocols that:

(1) clearly identify the types of functions to be subject to outsourcing;

(2) provide specific time lines for completion of the outsourced review;

(3) require disclosure of recommendations made by contract examiners;

(4) establish and use a dispute resolution or arbitration mechanism to resolve conflicts with insurers regarding examination fees; and

(5) require disclosure of the terms of contracts entered into with outside consultants, and specifically terms regarding the fees or hourly rates that may be charged by those consultants.

(c) The commissioner must review and affirmatively endorse detailed billings made by a qualified contract examiner before the detailed billings are sent to the insurer.

(d) An insurer may not be required to provide reimbursement for examiner fees under Subsection (a), whether those fees are incurred by market conduct surveillance personnel or qualified contract examiners, to the extent that those fees exceed the fees prescribed in the market conduct examiner's handbook and any successor documents to that handbook, unless the commissioner demonstrates that the fees prescribed in the handbook are inadequate under the circumstances of the examination.

Sec. 751.209. LIMIT ON CERTAIN EXAMINATIONS. The commissioner may not conduct a market conduct examination more frequently than once every three years. The commissioner may defer conducting a market conduct examination for longer than once every three years.

[Sections 751.210-751.250 reserved for expansion]

SUBCHAPTER F. CONFIDENTIALITY REQUIREMENTS

Sec. 751.251. NO WAIVER. (a) The disclosure to the commissioner under this subchapter of a document, material, or information does not constitute the waiver of any applicable privilege or claim of confidentiality regarding the document, material, or information.

(b) Notwithstanding Subsection (a), an insurer may not be compelled to disclose a self-audit document or waive any statutory or common law privilege. An insurer may, however, voluntarily disclose a document described by this subsection to the commissioner in response to any market conduct action or examination.

(c) For the purposes of Subsection (b), "self-audit document" means a document that is prepared as a result of or in connection with an insurance compliance audit.

Sec. 751.252. AUTHORITY OF COMMISSIONER. (a) The commissioner may share documents, materials, or other information obtained by or disclosed to the commissioner under this chapter with other state, federal and international regulatory agencies and law enforcement authorities if the recipient agrees to and has the legal authority to maintain the confidentiality and privileged status of the document, material, or other information.

(b) The commissioner may receive documents, materials, or information, including otherwise confidential and privileged documents, materials, or information, from the National Association of Insurance Commissioners and that association's affiliates or subsidiaries, and from regulatory and law enforcement officials of other foreign or domestic jurisdictions. The commissioner shall maintain as confidential or privileged any document, material, or information received with notice or the understanding that the document, material, or information is confidential or privileged under the laws of the jurisdiction that is the source of the document, material, or information.

(c) Consistent with this section, the commissioner may enter into agreements governing the sharing and use of information.

Sec. 751.302. CONFLICT OF INTEREST. (b) This section may not be construed to automatically preclude the individual from being:

(1) a policyholder or claimant under an insurance policy;

(2) a grantee of a mortgage or similar instrument on the individual's residence from a regulated entity if done under customary terms and in the ordinary course of business;

(3) an investment owner in shares of regulated diversified investment companies; or

(b) In determining an appropriate sanction under Subsection (a) the commissioner shall consider:

(1) any actions taken by the insurer to maintain membership in, and comply with the standards of, best-practice organizations that promote high ethical standards of conduct in the insurance marketplace; and

(2) the extent to which the insurer maintains regulatory compliance programs to self-assess, self-report, and remediate problems detected by the insurer.

(2) may enforce that liability on behalf of the individual.

Sec. 1506.302. BENEFITS NOT PAYABLE; ADVANCE OF BENEFITS AUTHORIZED. (a) Under coverage provided by the pool, benefits are not payable for an injury or illness for which a third party may be liable under contract, tort law, or other law.

(b) Notwithstanding Subsection (a), the pool may advance to a covered individual the benefits provided under the pool coverage for medical expenses resulting from the injury or illness, subject to the pool's right to subrogation and reimbursement under this subchapter.

Sec. 1506.303. REIMBURSEMENT OF POOL REQUIRED. (a) Subject to Section 1506.305, the amount recovered by a covered individual in an action against a third party who is liable for the injury or illness must be used to reimburse the pool for benefits for medical expenses that have been advanced under Section 1506.302.

(b) The amount of reimbursement required by this section is not reduced by the application of the doctrine established at common law relating to adequate compensation of insureds and commonly referred to as the "made whole" doctrine.

(c) Subject to Section 1506.305, the pool shall treat any amount recovered by a covered individual in an action against a third party who is liable for the injury or illness that exceeds the amount of the reimbursement required under this section as an advance against future medical benefits for the injury or illness that the individual would otherwise be entitled to receive under pool coverage.

Sec. 1506.304. RESUMPTION OF PAYMENT OF BENEFITS. If the amount treated as an advance under Section 1506.303(c) is adequate to cover all future medical costs for the covered individual's injury or illness, the pool is not required to resume the payment of benefits. If the advance is insufficient, the pool shall resume the payment of benefits when the advance is exhausted.

Sec. 1506.305. ATTORNEY'S FEE FOR REPRESENTATION OF POOL'S INTEREST. (a) For purposes of this section, the pool's recovery includes:

(1) the amount recovered by the pool in the action; and

(2) a proportionate share of the reasonable expenses incurred.

(c) An attorney who represents a covered individual and is also to represent the interests of the pool under this subchapter must make a full written disclosure to the covered individual before employment as an attorney by the pool. The covered individual must acknowledge the disclosure and consent to the representation. A signed copy of the disclosure shall be provided to the covered individual and the pool. A copy of the disclosure with the covered individual's consent must be filed with the pleading before a judgment is entered and approved by the court. The attorney may not receive a fee under this section to which the attorney is otherwise entitled under an agreement with the pool unless the attorney complies with the requirements of this subsection.

(d) If an attorney actively representing the pool's interest actively participates in obtaining a recovery, the court shall award and apportion between the covered individual's and the pool's attorneys a fee payable out of the pool's subrogation recovery. In apportioning the award, the court shall consider the benefit accruing to the pool as a result of each attorney's service. The total attorney's fees may not exceed one-third of the pool's recovery.

An assessment for a net loss for a calendar year before the effective date of this Act is governed by the law in effect during the calendar year for which the assessment is made, and the former law is continued in effect for that purpose.

(d) The board of directors of the Texas Health Insurance Risk Pool shall refund an assessment amount paid for a period after September 30, 2005, that is attributable to those coverages that are exempt from the assessment because of the change in law made by this Act to Section 1506.002(b), Insurance Code, at the time the final net loss for the period for which the assessment is made is determined.

(e) Section 1506.253, Insurance Code, as amended by this Act, applies to an assessment under Subchapter F, Chapter 1506, Insurance Code, for a calendar year beginning on or after January 1, 2006. An officer commissioned by the department may not be suspended, terminated, or subjected to any form of discrimination by the department because of the refusal of the officer to take a polygraph examination. Section 411.0074 does not authorize the department to require an officer commissioned by the department to take a polygraph examination.

SENATE BILL 151 WITH HOUSE AMENDMENT

Senator Zaffirini called **SB 151** from the President's table for consideration of the House amendment to the bill.

The Presiding Officer laid the bill and the House amendment before the Senate.

Floor Amendment No. 1

Amend **SB 151** by adding the following appropriately numbered SECTIONs to the bill and renumbering subsequent SECTIONs of the bill accordingly:

SECTION _____. Subchapter F, Chapter 87, Education Code, is amended by adding Section 87.505 to read as follows:

Sec. 87.505. TEXAS ACADEMY OF INTERNATIONAL STUDIES. (a) In this section:

(1) "Academy" means the Texas Academy of International Studies.

(2) "Board" means the board of regents of The Texas A&M University System.

(3) "University" means Texas A&M International University.

(b) The Texas Academy of International Studies is a division of Texas A&M International University and is under the management and control of the board. The academy serves the following purposes:

(1) to provide academically gifted and highly motivated junior and senior high school students with a challenging university-level curriculum that:

(A) allows students to complete high school graduation requirements, including requirements adopted under Section 28.025 for the advanced high school program, while attending for academic credit a public institution of higher education;

(B) fosters students' knowledge of real-world international issues and problems and teaches students to apply critical thinking and problem-solving skills to those issues and problems;

(C) includes the study of English, foreign languages, social studies, anthropology, and sociology;

(D) is presented through an interdisciplinary approach that introduces and develops issues, especially issues related to international concerns, throughout the curriculum; and

(E) offers students learning opportunities related to international issues through in-depth research and field-based studies;

(2) to provide students with an awareness of international career and professional development opportunities through seminars, workshops, collaboration with postsecondary students from other countries, summer academic international studies internships in foreign countries, and similar methods; and

(3) to provide students with social development activities that enrich the academic curriculum and student life, including, as determined appropriate by the academy, University Interscholastic League activities and other extracurricular activities generally offered by public high schools.

(c) The academy is a residential, coeducational institution for selected Texas high school students with an interest and the potential to excel in international studies. The academy shall admit only high school juniors and seniors, except that the academy may admit a student with exceptional abilities who is not yet a high school junior. The board shall set aside adequate space on the university campus in Laredo to operate the academy and implement the purposes of this section. The academy must operate on the same fall and spring semester basis as the university. Full-time students of the academy must enroll for both the fall and spring semesters. Faculty members of the university shall teach all academic classes at the academy. A student of the academy may attend a college course offered by the university and receive college credit for that course.

(d) Except as otherwise provided by this subsection, the university administration has the same powers and duties with respect to the academy that the administration has with respect to the university. The board shall consult with the dean of the College of Education and other members of the administration as the board considers necessary concerning the academy's administrative design and support, personnel and student issues, and faculty development. The board shall consult with the dean of the College of Arts and Sciences and other members of the administration as the board considers necessary concerning the academy's curriculum development, program design, and general faculty issues. The board, in consultation with university administration, shall:

(1) establish an internal management system for the academy and appoint an academy principal who serves at the will of the board and reports to the university provost;

(2) provide for one or more academy counselors;

(3) establish for the academy a site-based decision-making process similar to the process required by Subchapter F, Chapter 11, that provides for the participation of academy faculty, parents of academy students, and other members of the community; and

(4) establish an admissions process for the academy.

(e) The student-teacher ratio in all regular academic classes at the academy may not exceed 30 students for each classroom teacher, except that the student-teacher ratio may exceed that limit:

(1) in a program provided for the purposes prescribed by Subsection (b)(2) or another special enrichment course or in a physical education course; or

(2) if the board determines that a class with a higher student-teacher ratio would contribute to the educational development of the students in the class.

(f) The academy shall provide the university-level curriculum in a manner that is appropriate for the social, psychological, emotional, and physical development of high school juniors and seniors. The administrative and counseling personnel of the academy shall provide continuous support to and supervision of students.

(g) For each student enrolled in the academy, the academy is entitled to allotments from the foundation school fund under Chapter 42 as if the academy were a school district without a tier one local share for purposes of Section 42.253. If in any academic year the amount of the allotments under this subsection exceeds the amount of state funds paid to the academy in the first fiscal year of the academy's operation, the commissioner of education shall set aside from the total amount of funds to which school districts are entitled under Section 42.253(c) an amount equal to the excess amount and shall distribute that amount to the academy. After deducting the amount set aside and paid to the academy by the commissioner of education under this subsection, the commissioner of education shall reduce the amount to which each district is entitled under Section 42.253(c) in the manner described by Section 42.253(h). A determination of the commissioner of education under this subsection is final and may not be appealed.

(h) The board may use any available money, enter into contracts, and accept grants, including matching grants, federal grants, and grants from a corporation or other private contributor, in establishing and operating the academy. Money spent by the academy must further the purposes of the academy prescribed by Subsection (b).

(i) The liability of the state under Chapters 101 and 104, Civil Practice and Remedies Code, is limited for the academy and employees assigned to the academy and acting on behalf of the academy to the same extent that the liability of a school district and an employee of the school district is limited under Sections 22.0511, 22.0512, and 22.052 of this code and Section 101.051, Civil Practice and Remedies Code. An employee assigned to the academy is entitled to representation by the attorney general in a civil suit based on an action or omission of the employee in the course of the employee's employment, limits on liability, and indemnity under Chapters 104 and 108, Civil Practice and Remedies Code.

(j) Except as otherwise provided by this section, the academy is not subject to the provisions of this code, or to the rules of the Texas Education Agency, regulating public schools.

(k) A student may not begin attending the academy before the 2007 fall semester. This subsection expires August 31, 2008.

The board may covenant with the purchasers of the notes that the board will charge and collect sufficient revenues to pay the principal of and interest on the notes and pay the cost of collecting the revenues.

(c) A bond anticipation note may be issued for any purpose for which a bond of the authority may be issued or to refund previously issued revenue or bond anticipation notes. The authority may covenant with the purchasers of the bond anticipation notes that the authority will use the proceeds of the sale of any bonds in the process of issuance for the purpose of refunding the bond anticipation notes, in which case the board shall use the proceeds received from the sale of the bonds in the process of issuance to pay the principal, interest, or redemption price on the bond anticipation notes.

SUBCHAPTER A. GENERAL PROVISIONS

Sec. 3834.001. DEFINITIONS. In this chapter:

(1) "Board" means the board of directors of the district.

(2) "District" means the Harris County Improvement District No. 5.

Sec. 3834.002. HARRIS COUNTY IMPROVEMENT DISTRICT NO. 5. The Harris County Improvement District No. 5 is a special district created under Section 59, Article XVI, Texas Constitution.

Sec. 3834.003. PURPOSE; DECLARATION OF INTENT. (a) The creation of the district is essential to accomplish the purposes of Sections 52 and 52-a, Article III, and Section 59, Article XVI, Texas Constitution, and other public purposes stated in this chapter. By creating the district and in authorizing the City of Houston, Harris County, and other political subdivisions to contract with the district, the legislature has established a program to accomplish the public purposes set out in Section 52-a, Article III, Texas Constitution.

(b) The creation of the district is necessary to promote, develop, encourage, and maintain employment, commerce, transportation, housing, tourism, recreation, the arts, entertainment, economic development, safety, and the public welfare in the district and adjacent areas.

(c) This chapter and the creation of the district may not be interpreted to relieve Harris County or the City of Houston from providing the level of services provided as of the effective date of this Act, to the area in the district. The district is created to supplement and not to supplant the county services provided in the area in the district.

Sec. 3834.004. FINDINGS OF BENEFIT AND PUBLIC PURPOSE. (a) The district is created to serve a public use and benefit.

(b) All land and other property included in the district will benefit from the improvements and services to be provided by the district under powers conferred by Sections 52 and 52-a, Article III, and Section 59, Article XVI, Texas Constitution, and other powers granted under this chapter.

(c) The creation of the district is in the public interest and is essential to:

(1) further the public purposes of developing and diversifying the economy of the state;

(2) eliminate unemployment and underemployment; and

(3) develop or expand transportation and commerce.

(d) The district will:

(1) promote the health, safety, and general welfare of residents, employers, potential employees, employees, visitors, and consumers in the district, and of the public;

(2) provide needed funding for the district to preserve, maintain, and enhance the economic health and vitality of the district territory as a residential neighborhood and a commercially viable area; and

(3) promote the health, safety, welfare, and enjoyment of the public by providing pedestrian ways and by landscaping and developing certain areas in the district, which are necessary for the restoration, preservation, and enhancement of scenic beauty.

(e) Pedestrian ways along or across a street, whether at grade or above or below the surface, and street lighting, street landscaping, and street art objects are parts of and necessary components of a street and are considered to be a street or road improvement.

(f) The district will not act as the agent or instrumentality of any private interest even though the district will benefit many private interests as well as the public.

Sec. 3834.005. DISTRICT TERRITORY. The district is composed of the territory described by Section 2 of the Act enacting this chapter, as that territory may have been modified under:

(1) Subchapter J, Chapter 49, Water Code; or

(2) other law.

Sec. 3834.0055. DISANNEXATION OF DISTRICT 146 TERRITORY. (a) The district does not include the area of state representative District 146 as of the effective date of the Act enacting this section.

(b) Disannexation of territory under this section does not affect the district's right to collect any assessments, impact fees, or taxes imposed on property in the disannexed territory before the disannexation.

(c) Disannexation of territory under this section does not diminish or impair the rights of the holders of any outstanding and unpaid bonds, warrants, or other obligations of the district. Property disannexed under this section is not released from its pro rata share of any district indebtedness at the time of the disannexation and the district may continue to tax the property until that debt is paid.

Sec. 3834.006. APPLICABILITY OF MUNICIPAL MANAGEMENT DISTRICTS LAW. Except as otherwise provided by this chapter, Chapter 375, Local Government Code, applies to the district.

Sec. 3834.007. LIBERAL CONSTRUCTION OF CHAPTER. This chapter shall be liberally construed in conformity with the findings and purposes stated in this chapter.

(c) A director who is also an officer or employee of a public entity may not participate in the discussion of or vote on a matter regarding a contract with that public entity.

(b) The boundaries and field notes contained in Section 2 of the Act creating this chapter form a closure. A mistake made in the field notes or in copying the field notes in the legislative process does not affect:

(1) the organization, existence, or validity of the authority;

(2) the right of the authority to issue any type of bond or note for the purposes for which the authority is created or to pay the principal of and interest on a bond or note;

(3) the right of the authority to impose or collect a fee, user fee, rate, charge, or special assessment; or

(4) the legality or operation of the authority.

(c) All of the territory of a local government created after the effective date of the Act creating this chapter that encompasses any territory within the boundaries of the authority, immediately on the creation and without any action required of the authority, is subject to all of the rights, powers, privileges, and rules of the authority to the same extent as the territory was before the local government was created.

Sec. 8813.005. EXCLUSION OF CERTAIN TERRITORY. (a) A district or municipality that, on the effective date of the Act creating this chapter, is located, wholly or partly, within the territory described by Section 2(a) or (b) of the Act creating this chapter may petition for exclusion of all of its territory from the authority's boundaries by a petition signed by a majority of the members of the governing body of the district or municipality.

(b) The board shall:

(1) not later than the 120th day after the effective date of the Act creating this chapter, grant the petition and order the territory excluded if the petition:

(A) includes an accurate legal description of the boundaries of the territory to be excluded; and

(B) is filed with the authority not later than the 60th day after the effective date of the Act creating this chapter; and

(2) if the board grants the petition, file for recording in the office of the county clerk for the applicable county or counties a copy of the order and a description of the authority's boundaries as they exist after the exclusion of the territory.

(c) If a district or municipality is excluded from the authority's boundaries under this section, the authority is not required to:

(1) provide water or any other service to the district or municipality; or

(2) include the district or municipality in any groundwater reduction plan adopted or implemented by the authority.

(d) If, not later than the 60th day after the effective date of the Act creating this chapter, a district or municipality files a petition for exclusion under this section, the authority may not impose fees, user fees, rates, charges, or special assessments on the district or municipality after the petition is filed with the authority unless the district or municipality is annexed by the authority under Section 8813.006.

(e) If a district or municipality excluded from the authority's boundaries under this section petitions the authority to be annexed under Section 8813.006, the authority may annex the district or municipality. The authority may, as a condition of annexation, require terms and conditions the board considers appropriate. The authority may require the district or municipality to pay the authority the fees, user fees, charges, and special assessments, with interest, that, as determined by the authority, the district or municipality would have been charged by the authority if the district or municipality had not been excluded from the authority under this section.

Sec. 8813.006. ANNEXATION. (a) Except to the extent the authority agrees in writing, a municipality's annexation of territory within the authority does not affect:

(1) the authority's powers inside or outside the annexed territory;

(2) the authority's boundaries or contracts; or

(3) the authority's ability to assess fees, user fees, rates, charges, or special assessments inside or outside the territory annexed by the municipality.

(b) Territory may be annexed to the authority, regardless of whether the territory is contiguous to the authority, as provided by Chapter 49, Water Code.

(c) In addition to the authority granted by Subsection (b), regardless of whether the territory is contiguous to the authority, the authority may annex some or all of the territory located within a district or municipality if the district or municipality files with the authority a petition requesting the annexation signed by a majority of the members of the governing body of the district or municipality. The petition must include an accurate legal description of the boundaries of the territory to be included. If the authority has bonds, notes, or other obligations outstanding, the authority shall require the petitioning district or municipality to be obligated to pay its share of the principal of and interest on the outstanding bonds, notes, or other obligations, and

related costs. The board may grant the petition and order the territory described by the petition annexed to the authority if it is feasible, practicable, and to the advantage of the authority.

(d) Any territory that a district located within the authority annexes becomes territory of the authority on the effective date of the annexation without any action required of the authority. The authority by rule may require all districts located within the authority to send to the authority written notice of the effective date of an annexation and require the districts to send to the authority copies of any necessary documents describing the annexed land and describing the districts' boundaries as they exist after inclusion of the annexed land.

(e) The annexation to the authority of territory under this section does not affect the validity of the authority's bonds issued before or after the annexation.

(f) A municipality that annexes territory of the authority for limited purposes under Subchapter F, Chapter 43, Local Government Code, does not have the right to:

(1) receive notices from the authority under Section 8813.103(c);

(2) participate in the appointment of directors under Subchapter B; or

(3) receive information about or have the opportunity to fund its share of capital costs in the manner provided by the authority under Section 8813.104.

Sec. 8813.007. APPLICABILITY OF OTHER LAW. (a) Except as otherwise provided by this chapter, Chapter 49, Water Code, applies to the authority.

(b) This chapter does not prevail over or preempt a provision of Chapter 36, Water Code, Chapter 8801 of this code, or Chapter 1045, Acts of the 71st Legislature, Regular Session, 1989, that is being implemented by the Harris-Galveston Coastal Subsidence District or Fort Bend Subsidence District, as applicable.

Sec. 8813.008. FINDING OF BENEFIT. All the land, property, and persons included within the boundaries of the authority will be directly benefited by the works, projects, improvements, and services to be provided by the authority under powers conferred by Section 59, Article XVI, Texas Constitution, and this chapter. The authority is created to serve a public use and benefit. The creation of the authority will serve to promote the health, safety, and general welfare of persons within the authority and the general public. Any fees, user fees, rates, charges, or special assessments imposed by the authority under this chapter are necessary to pay for the costs of accomplishing the purposes of the authority as set forth in Section 59, Article XVI, Texas Constitution, and this chapter, including:

(1) the reduction of groundwater withdrawals;

(2) the facilitation of compliance with the requirements of the Fort Bend Subsidence District or the Harris-Galveston Coastal Subsidence District, as applicable; and

(3) the provision of services, facilities, and systems.

Sec. 8813.022. EXPIRATION OF SUBCHAPTER. This subchapter expires September 1, 2010.

[Sections 8813.023-8813.050 reserved for expansion]

SUBCHAPTER B. BOARD OF DIRECTORS

Sec. 8813.051. DIRECTORS; TERMS. (a) The authority is governed by a board of seven directors.

(b) The directors serve staggered four-year terms that expire May 15 of even-numbered years.

Sec. 8813.052. ELIGIBILITY TO SERVE AS DIRECTOR. (a) To be eligible to serve as a director of the authority or to be listed on a ballot as a candidate for director of the authority representing a director precinct, an individual must:

- (1) be at least 18 years of age;
- (2) be a resident of the authority; and
- (3) have served as a director of one or more districts for a total of at least four years.

(b) Notwithstanding Subsection (a), to serve as a director representing, or to be listed on a ballot as a candidate for director representing, a director precinct that includes any part of the City of Fulshear, an individual must:

- (1) meet the qualifications provided by Subsections (a)(1) and (2); and
- (2) have served as:

(A) the mayor or a member of the city council of the City of Fulshear for any period; or

(B) a director of one or more districts for a total of at least four years.

Sec. 8813.053. DISQUALIFICATION OF DIRECTORS. The common law doctrine of incompatibility does not disqualify an official or employee of a public entity from serving as a director of the authority. A director who is also an officer or employee of a public entity may not participate in the discussion of or vote on a matter regarding a contract with that public entity.

Sec. 8813.054. CONFLICTS OF INTEREST. Chapter 171, Local Government Code, governs conflicts of interest of board members.

Sec. 8813.055. SINGLE-MEMBER DIRECTOR PRECINCTS. (a) The authority is divided into seven single-member director precincts, as described by Section 3 of the Act creating this chapter.

(b) The board may redraw the single-member director precincts in a manner that is reasonable and equitable:

- (1) after any change in the boundaries of the authority; or
- (2) by a resolution redrawing the director precincts adopted by a two-thirds majority of the board based on changed circumstances.

Sec. 8813.056. METHOD OF APPOINTMENT OF DIRECTORS. (a) The governing bodies of the districts and municipalities located within each director precinct jointly shall appoint one director to represent the precinct by a vote conducted as provided by this section.

(b) If a district or municipality is located within two or more director precincts, the district or municipality is considered, for purposes of this section, to be located only within the director precinct in which the greatest amount of territory of the district or municipality is located.

(c) For the appointment of a director for a director precinct, the board shall determine the number of votes each district or municipality may cast. The number of votes for a governing body of a district or municipality within the precinct is equal to the number computed by dividing the total number of units of water, as determined by the board, used within the precinct by the district or municipality during the calendar year preceding the year in which the director is selected by the total number of units of water used within the precinct by all districts and municipalities in the precinct, multiplying that quotient by 100, and rounding that result to the nearest one-tenth. The board shall provide the presiding officer of each governing body of a district or municipality within each director precinct written notice of the number of votes computed for that governing body to cast.

(d) For purposes of Subsection (c), the board shall determine the amount of water usage of all districts and municipalities within each director precinct.

(e) In the appropriate even-numbered year, the governing body of each district or municipality in a director precinct by resolution may nominate one candidate for the position of director for that director precinct. Each district or municipality shall submit the name of its candidate, if any, to the presiding officer of the authority by February 15 of that year. If by February 15 of that year only one candidate's name is submitted for the position of director for a director precinct, the board may declare the unopposed candidate elected and may cancel the director appointment procedures generally required by this section for that position. If more than one candidate's name is submitted for the position of director for a director precinct, before March 15 of that year the board shall prepare, for the director precinct or precincts from which a director is being appointed, a ballot listing all of the candidates for that director precinct and shall provide a copy of the appropriate ballot to the presiding officer of the governing body of each district or municipality located within the director precinct from which a director is being appointed.

(f) An individual may not be listed as a candidate on the ballot for more than one director position. If a candidate is nominated for more than one director position, the candidate must choose to be on the ballot for only one director position.

(g) The governing body of each district or municipality shall determine its votes for director by resolution and submit them to the presiding officer of the authority before May 1 of the appropriate even-numbered year. In casting its votes for director, the governing body of each district or municipality may vote for only one candidate on the ballot for the director precinct in which the district or municipality is located. For each director precinct from which a director is being appointed, the board shall count the votes, declare elected the candidate who received the greatest number of

votes from districts and municipalities located within that director precinct, and submit the results before May 15 of that year to the governing body of each district or municipality within that director precinct.

(h) The board may adopt rules regarding:

(1) the manner and timing of determinations and calculations required by this section;

(2) the reporting of water usage to the authority by districts and municipalities; and

(3) the conduct and process of the appointment of directors.

Sec. 8813.057. VACANCY IN OFFICE OF DIRECTOR. A vacancy in the office of director shall be filled by appointment by the governing bodies of the districts and municipalities that are located within the director precinct for which the vacancy occurred. The appointment process shall follow the procedures of Section 8813.056. The board may establish dates different from those specified by Sections 8813.056(e) and (g), but the date for the board's submission of the voting results to each district and municipality may not be later than the 120th day after the date the vacancy occurs.

Sec. 8813.058. MEETINGS AND ACTIONS OF BOARD. (a) The board may meet as many times each year as the board considers appropriate.

(b) Directors of the authority are public officials and are entitled to governmental immunity for their actions in their capacity as directors and officers of the authority.

Sec. 8813.059. GENERAL MANAGER. (a) The board may employ a general manager of the authority or contract with a person to perform the duties of a general manager. The board may delegate to the general manager full authority to manage and operate the affairs of the authority subject only to orders of the board.

(b) The board may delegate to the general manager the authority to employ all persons necessary for the proper handling of the business and operation of the authority and to determine the compensation to be paid to all employees, other than the general manager.

[Sections 8813.060-8813.100 reserved for expansion]

SUBCHAPTER C. POWERS AND DUTIES

Sec. 8813.101. GENERAL POWERS AND DUTIES. (a) The authority may:

(1) provide for the conservation, preservation, protection, recharge, and prevention of waste of groundwater, and for the reduction of groundwater withdrawals as necessary to develop, implement, or enforce a groundwater reduction plan, in a manner consistent with the purposes of Section 59, Article XVI, Texas Constitution, and facilitate compliance with Fort Bend Subsidence District or Harris-Galveston Coastal Subsidence District, as applicable, rules, orders, regulations, or requirements;

(2) acquire or develop surface water and groundwater supplies from sources inside or outside the boundaries of the authority, conserve, store, transport, treat, purify, distribute, sell, and deliver water to or among persons inside and outside the boundaries of the authority, and allocate water among persons participating in the authority's groundwater reduction plan whether they are located inside or outside the authority's boundaries;

(3) enter into contracts with persons inside or outside the authority on terms and conditions the board considers desirable, fair, and advantageous for the performance of its rights, powers, and authority under this chapter;

(4) coordinate water services provided inside, outside, or into the authority;

(5) provide wholesale and retail water services to any users or customers within the authority's boundaries without being required to execute contracts with those users or customers;

(6) adopt policies establishing whether, when, and the manner in which the authority uses requests for proposals in obtaining services, including professional services;

(7) determine whether to adopt administrative policies in addition to those required by Section 49.199, Water Code; and

(8) administer and enforce this chapter.

(b) Sections 49.451-49.455, Water Code, do not apply to the authority.

(c) Notwithstanding Subsection (a)(5), the authority may not provide retail water service to a retail user within the authority's boundaries that is located within the boundaries of a district or municipality on the date the authority awards a contract for the construction or executes a contract for the acquisition of water facilities to serve that retail user, unless:

(1) the district or municipality consents in writing to the authority's provision of retail water service; or

(2) the retail user owns or operates a well.

(d) If a retail user that does not own or operate a well is added to the boundaries of a district or municipality after the date the authority awards a contract for the construction or executes a contract for the acquisition of water facilities to serve that retail user, the authority may provide retail service to that retail user without the written consent of the district or municipality.

Sec. 8813.102. AUTHORITY RULES. The authority may adopt and enforce rules reasonably required to implement this chapter, including rules governing procedures before the board and rules regarding implementation, enforcement, and any other matters related to the authority's water supply or groundwater reduction plan.

Sec. 8813.103. FEES, USER FEES, RATES, AND CHARGES. (a) The authority may establish fees, user fees, rates, and charges and classifications of payers of fees and rates as necessary to enable the authority to fulfill the authority's purposes and regulatory functions provided by this chapter. The authority may impose fees, user fees, rates, and charges on any person within the authority.

(b) The authority may charge the owner of a well located within the authority's boundaries a fee or user fee according to the amount of water pumped from the well. If ownership of a well changes, both the prior and subsequent well owners are liable to the authority, jointly and severally, for all fees and user fees imposed by the authority under this subsection, and any related penalties and interest, for water pumped from that well before the change in well ownership.

(c) The board shall make reasonable efforts to send districts and municipalities written notice of the date, time, and location of the meeting at which the board intends to adopt a proposed charge under Subsection (b) and the amount of the proposed charge. The board's failure to comply with this subsection does not invalidate a charge adopted by the board under Subsection (b).

(d) For wells located in Harris County or Fort Bend County, the board shall exempt from the charge under Subsection (b) classes of wells that are not subject to any groundwater reduction requirement imposed by the Harris-Galveston Coastal Subsidence District or the Fort Bend Subsidence District, as applicable. If any of those classes of wells become subject to a groundwater reduction requirement imposed by the applicable subsidence district, the authority may impose the charge under Subsection (b) on those classes. The board by rule may exempt any other classes of wells from the charge under Subsection (b). The board may not apply the charge under Subsection (b) to a well:

(1) with a casing diameter of less than five inches that serves only a single-family dwelling; or

(2) regulated under Chapter 27, Water Code.

(e) For purposes of Subsection (d), a well is subject to a groundwater reduction requirement if the applicable subsidence district has adopted or adopts a requirement or rule that groundwater withdrawals from the well, or from the well and other wells collectively, be reduced, including a groundwater reduction that is not required until a future date.

(f) The authority may establish fees, user fees, rates, and charges that are sufficient to:

(1) achieve water conservation;

(2) prevent waste of water;

(3) serve as a disincentive to pumping groundwater;

(4) develop, implement, or enforce a groundwater reduction plan;

(5) accomplish the purposes of this chapter, including making available alternative water supplies;

(6) enable the authority to meet operation and maintenance expenses;

(7) pay the principal of and interest on notes, bonds, and other obligations issued in connection with the exercise of the authority's general powers and duties; and

(8) satisfy all rate covenants relating to the issuance of notes, bonds, and other obligations.

(g) The authority may charge rates established by the authority for water purchased from the authority.

(h) The authority may impose fees, user fees, or charges for the importation of water into the authority's boundaries from a source located outside the authority's boundaries.

Sec. 8813.104. PURCHASE OF WATER FROM ANOTHER ENTITY. (a) If the authority purchases water from another entity for resale to local governments, the authority shall use its best efforts in negotiating with the entity to determine the amount of capital costs included in any rates or charges paid by the authority. The authority shall determine the amount of expected capital costs of its own system.

(b) The authority shall provide each district or municipality within its boundaries information regarding the share of the capital costs to be paid by the district or municipality, as determined by the authority, and shall provide each district or municipality the opportunity, in a manner and by a procedure determined by the authority, to fund its share of the capital costs with proceeds from the sale of bonds or fees and charges collected by the districts or municipalities. A district or municipality may use any lawful source of revenue, including bond funds, to pay any sums due to the authority.

(c) The authority may adopt a procedure by which a district or municipality may receive a credit from the authority. The board may adopt any other procedure necessary to accomplish the goals of this section.

(d) In complying with this section, the authority may use any reasonable basis to calculate from time to time the share of the capital costs of a district or municipality. The authority may calculate the shares of the capital costs based on the amount of water used within the authority by the district or municipality during the calendar year preceding the year in which the calculation is made.

(e) This section or any failure to comply with this section does not limit or impede the authority's ability to issue bonds or notes or invalidate any fees, user fees, charges, rates, or special assessments imposed by the authority.

Sec. 8813.105. ASSESSMENTS. (a) The board may undertake improvement projects and services that confer a special benefit on all or a definable part of the authority. The board may impose special assessments on property in that area, including property of a local government, based on the benefit conferred by the improvement project or services, to pay all or part of the cost of the project and services. The board may provide improvements and services to an area outside the boundaries of the authority if the board determines that there is a benefit to the authority. The authority may finance with special assessments any improvement project or service authorized by this chapter or any other applicable law.

(b) Services or improvement projects may be financed with special assessments under this chapter only after the board holds a public hearing on the advisability of the improvements and services and the proposed assessments.

(c) The board shall publish notice of the hearing in a newspaper or newspapers with general circulation in Harris and Fort Bend Counties. The publication must be made not later than the 30th day before the date of the hearing.

(d) Notice provided under this section must include:

(1) the time and place of the hearing;

(2) the general nature of the proposed improvement project or services;

(3) the estimated cost of the improvement, including interest during construction and associated financing costs; and

(4) the proposed method of assessment.

(e) Written notice containing the information required by Subsection (d) shall be mailed by certified mail, return receipt requested, not later than the 30th day before the date of the hearing. The notice shall be mailed to each person within the authority who holds a permit for a well issued by the Harris-Galveston Coastal Subsidence District or Fort Bend Subsidence District, as applicable, and whose well is subject to a

groundwater reduction requirement imposed by that district. The Harris-Galveston Coastal Subsidence District and Fort Bend Subsidence District shall provide to the authority a list of persons who hold such a permit.

(f) The board may establish rules regarding procedures for a hearing. A hearing on the services or improvement project, whether conducted by the board or a hearings examiner, may be adjourned from time to time. At the conclusion of a hearing conducted by the board, the board shall make written findings and conclusions relating to the advisability of the improvement project or services, the nature of the improvement project or services, the estimated cost, and the area benefited. If the board appoints a hearings examiner to conduct the hearing, after conclusion of the hearing, the hearings examiner shall file with the board a written report of the examiner's findings and conclusions.

(g) At a hearing on proposed assessments, on adjournment of the hearing, or after consideration of the hearings examiner's report, the board shall hear and rule on all objections to each proposed assessment. The board may amend proposed assessments for any property. After the board hears and takes action on those objections, the board, by order:

(1) shall impose the assessments as special assessments on the property;

(2) shall specify the method of payment of the assessments; and

(3) may provide that those assessments, including interest, be paid in periodic installments.

(h) Periodic installments must be in amounts sufficient to meet annual costs for services and improvements as provided by Subsection (j) and continue for the number of years required to retire the indebtedness or pay for the services to be rendered. The board may provide interest charges or penalties for failure to make timely payment and may impose an amount to cover delinquencies and expenses of collection.

(i) If assessments are imposed for more than one service or improvement project, the board may provide that assessments collected for one service or improvement project may be borrowed to be used for another service or improvement project. The board shall establish a procedure for the distribution or use of any assessments in excess of those necessary to finance the services or improvement project for which those assessments were collected.

(j) The board shall apportion the cost of an improvement project or services to be assessed against the property in the authority according to the special benefits that accrue to the property because of the improvement project or services. The board may assess the cost only according to the number of gallons of groundwater pumped from wells within the authority that are subject to a groundwater reduction requirement imposed by the Harris-Galveston Coastal Subsidence District or Fort Bend Subsidence District, as applicable. The board may not assess the cost according to groundwater pumped from:

(1) a well with a casing diameter of less than five inches that serves only a single-family dwelling; or

(2) a well that is regulated by Chapter 27, Water Code.

(k) The area of the authority to be assessed according to the findings of the board may be the entire authority or any part of the authority and may be less than the area proposed in the notice of the hearing.

(l) The area to be assessed may not include property that is not within the authority boundaries at the time of the hearing unless there is an additional hearing, following the required notice.

(m) Notwithstanding Subsection (l), the owner of land annexed to the authority after the authority has imposed assessments may waive the right to notice and an assessment hearing and may agree to the imposition and payment of assessments at an agreed rate for land annexed to the authority. A district or municipality may waive the right to notice and an assessment hearing for land within its boundaries annexed to the authority and may agree to the imposition and payment of assessments at an agreed rate for the annexed land.

(n) The board shall have prepared an assessment roll showing the assessments against each property and the board's basis for the assessment. The assessment roll shall be:

(1) filed with the secretary of the board or other officer who performs the function of secretary; and

(2) open for public inspection.

(o) After notice and hearing in the manner required for an original assessment, the board may make supplemental assessments to correct omissions or mistakes in the assessment:

(1) relating to the total cost of the improvement project or services; or

(2) covering delinquencies or costs of collection.

Sec. 8813.106. INTEREST AND PENALTIES. The board may require the payment of interest on any late or unpaid fees, user fees, rates, charges, and special assessments due the authority, but the interest rate may not exceed the interest rate permitted by Section 2251.025, Government Code. The board may also impose penalties for the failure to make a complete or timely payment to the authority. In addition, the board may exclude a person, or any territory or well owned or controlled by a person, from the authority's groundwater reduction plan for failure to make a complete or timely payment to the authority.

Sec. 8813.107. ATTORNEY'S FEES AND COLLECTION EXPENSES. (a) The authority is entitled to reasonable attorney's fees incurred by the authority in enforcing its rules.

(b) The authority is entitled to collection expenses and reasonable attorney's fees incurred by the authority in collecting any delinquent fees, user fees, rates, and charges and any related penalties and interest.

Sec. 8813.108. LIEN. (a) Fees and user fees imposed by the authority under Section 8813.103(b), any related penalties and interest, and collection expenses and reasonable attorney's fees incurred by the authority:

(1) are a first and prior lien against the well to which the fees or user fees apply;

(2) are superior to any other lien or claim other than a lien or claim for county, school district, or municipal ad valorem taxes; and

(3) are the personal liability of and a charge against the owner of the well.

(b) A lien under this section is effective from the date of the resolution or order of the board imposing the fee or user fee until the fee or user fee is paid.

(c) The board may enforce the lien in the same manner that a municipal utility district operating under Chapter 54, Water Code, may enforce an ad valorem tax lien against real property.

Sec. 8813.109. ADMINISTRATIVE PENALTY; INJUNCTION. (a) A person who violates a rule or order of the authority is subject to an administrative penalty of not more than \$5,000, as determined by the board, for each violation or each day of a continuing violation. The person shall pay the penalty to the authority.

(b) The authority may bring an action to recover the penalty in a district court in the county where the violation occurred.

(c) The authority may bring an action for injunctive relief in a district court in the county where a violation of an authority rule or order occurs or is threatened to occur. The court may grant to the authority, without bond or other undertaking, a prohibitory or mandatory injunction that the facts warrant, including a temporary restraining order, temporary injunction, or permanent injunction.

(d) The authority may bring an action for an administrative penalty and injunctive relief in the same proceeding.

Sec. 8813.110. WATER SUPPLY OR DROUGHT CONTINGENCY PLANS. The authority by rule may develop, prepare, revise, adopt, implement, enforce, and manage comprehensive water supply or drought contingency plans for the authority, or any portion of the authority.

Sec. 8813.111. GROUNDWATER REDUCTION PLAN. (a) The authority may wholly or partly develop, prepare, revise, adopt, implement, enforce, manage, or participate in a groundwater reduction plan that is applicable only to the authority and one or more persons outside the authority. The authority may require that any groundwater reduction plan that the authority wholly or partly develops, prepares, revises, adopts, implements, enforces, or manages or in which the authority participates be the exclusive groundwater reduction plan that is binding and mandatory on some or all of the territory, persons, or wells located within the authority. A groundwater reduction plan may:

(1) specify the measures to be taken to reduce groundwater withdrawals;

(2) identify alternative sources of water, including water from the authority, to be provided to those affected;

(3) identify the rates, terms, and conditions under which alternative sources of water will be provided, which may be changed from time to time as considered necessary by the authority;

(4) specify the dates and extent to which persons or districts within the authority's boundaries shall reduce or cease reliance on groundwater and accept water from alternative sources, including water from the authority;

(5) include other terms and measures that are consistent with the powers and duties of the authority;

(6) exceed the minimum requirements imposed by the Harris-Galveston Coastal Subsidence District or Fort Bend Subsidence District, as applicable, including any applicable groundwater reduction requirements; and

(7) be amended from time to time at the discretion of the authority.

(b) Fees, user fees, rates, charges, and special assessments of the authority may be imposed under this chapter for a person's participation in and benefit derived from the authority's groundwater reduction plan or a groundwater reduction plan in which the authority participates.

Sec. 8813.112. ACQUISITION, CONSTRUCTION, AND OPERATION OF SYSTEMS. (a) The authority may:

(1) acquire by purchase, gift, lease, contract, or any other legal means a water treatment or supply system, or any other works, plants, improvements, or facilities necessary or convenient to accomplish the purposes of the authority, or any interest of the authority, inside or outside the authority's boundaries;

(2) design, finance, operate, maintain, or construct a water treatment or supply system or any other works, plants, improvements, or facilities necessary or convenient to accomplish the purposes of the authority and provide water services inside or outside the authority's boundaries;

(3) lease or sell a water treatment or supply system or any other works, plants, improvements, or facilities necessary or convenient to accomplish the purposes of the authority that the authority constructs or acquires inside or outside the authority's boundaries;

(4) contract with any person to operate or maintain a water treatment or supply system the person owns; or

(5) acquire water rights under any law or permit.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. Subsection (a), Section 86.081, Natural Resources Code, is amended to read as follows:

(a) For the protection of public and private interests, the commission, on written complaint by an affected party or on its own initiative and after notice and an opportunity for a hearing, shall prorate and regulate the daily gas well production from a [each] common reservoir if the commission finds that action to be necessary to:

(1) prevent waste; or [and]

(2) adjust the correlative rights and opportunities of each owner of gas in a common reservoir to produce and use or sell the gas as permitted in this chapter.

SECTION 2. Subsection (a), Section 86.084, Natural Resources Code, is amended to read as follows:

(a) The commission, on written complaint by an affected party or on its own initiative, may [shall] determine the status of gas production from any reservoir [all reservoirs] in the state.

SECTION 3. Section 86.085, Natural Resources Code, is amended to read as follows:

Sec. 86.085. DETERMINATION OF DEMAND AND VOLUME. On or before the last [25th] day of each month, the commission or a person authorized by the commission[, after notice and hearing] shall determine:

(1) the lawful market demand for gas to be produced from each prorated reservoir during the following month; and

(2) the volume of gas that can be produced without waste from each prorated [the] reservoir and each well in the reservoir during the following month.

SECTION 4. Section 86.086, Natural Resources Code, is amended to read as follows:

Sec. 86.086. MONTHLY RESERVOIR ALLOWABLE. After determining demand for and volume of production from a prorated reservoir as provided in Section 86.085 [of this code], the commission shall fix the monthly reservoir allowable of gas to be produced from the reservoir at the lawful market demand for the gas or at the volume that can be produced from the reservoir without waste, whichever is the smaller quantity.

SECTION 5. Section 86.087, Natural Resources Code, is amended to read as follows:

Sec. 86.087. MONTHLY WELL ALLOWABLE. The monthly reservoir allowable shall be allocated among all wells entitled to produce gas from a prorated [the] reservoir to give each well its fair share of the gas to be produced from the reservoir, but each well is restricted to the amount of gas that can be produced from it without waste. The volume of gas allocated to each well is the monthly allowable for that well.

SECTION 6. Subsection (a), Section 86.089, Natural Resources Code, is amended to read as follows:

(a) In determining the daily allowable production for each gas well in a prorated reservoir, the commission shall take into account:

(1) the size of the tract segregated with respect to the surface position and common ownership on which the gas well or wells are located;

(2) the relation between the daily producing capacity of each gas well and the aggregate daily capacity of all gas wells producing the same kind of gas in the same common reservoir or zone; and

(3) other factors that are pertinent.

SECTION 7. Section 86.094, Natural Resources Code, is amended to read as follows:

Sec. 86.094. AUTHORITY TO INCREASE TAKE ABOVE ALLOWABLE. If unforeseen contingencies increase the demand for gas required by a distributor, transporter, or purchaser to an amount in excess of the total allowable production of the wells in a prorated reservoir to which the person [he] is connected, the distributor,

transporter, or purchaser may increase the person's [his] take ratably from all these wells in order to supply the person's [his] demand for gas, provided that notice of the increase and the amount of the increase are given to the commission within five days; and provided further, the commission [~~, at its next hearing,~~] shall adjust the inequality of withdrawals caused by the increase in fixing the allowable production of the various wells in the common reservoir or zone.

SECTION 8. This Act takes effect immediately if it receives a vote of two-thirds of all the members elected to each house, as provided by Section 39, Article III, Texas Constitution. If this Act does not receive the vote necessary for immediate effect, this Act takes effect September 1, 2005.

SECTION 1. Section 85.043, Natural Resources Code, is amended to read as follows:

Sec. 85.043. APPLICATION OF CERTAIN RULES AND ORDERS. If the commission requires a showing that refined products were manufactured from oil legally produced, the requirement shall be of uniform application throughout the state; provided that, if the rule or order is promulgated for the purpose of controlling a condition in any local area or preventing a violation in any local area, then on the complaint of a person that the same or similar conditions exist in some other local area and the promulgation and enforcement of the rule could be beneficially applied to that additional area, the commission may [shall] determine whether or not those conditions do exist, and if it is shown that they do, the rule or order may [shall] be enlarged to include the additional area.

SECTION 2. Subsection (a), Section 85.053, Natural Resources Code, is amended to read as follows:

(a) If a rule or order of the commission limits or fixes in a pool or portion of a pool the production of oil, or the production of gas from wells producing gas only, the commission, on written complaint by an affected party or on its own initiative and

after notice and an opportunity for a hearing, shall distribute, prorate, or otherwise apportion or allocate the allowable production among the various producers on a reasonable basis if the commission finds that action to be necessary:

(1) prevent waste; or

(2) adjust the correlative rights and opportunities of each owner of oil or gas in a common reservoir to produce and use or sell the oil or gas as permitted in this chapter.

SECTION 3. Subsections (a) and (c), Section 85.054, Natural Resources Code, are amended to read as follows:

(a) To prevent unreasonable discrimination in favor of one pool as against another, and on written complaint and proof of such discrimination or if the commission on its own initiative finds such an action to be necessary, the commission may allocate or apportion the allowable production of oil on a fair and reasonable basis among the various pools in the state.

(c) The commission may [shall] determine the reasonable market demand of the respective pool as the basis for determining the allotments to be assigned to the respective pool so that discrimination may be prevented.

SECTION 4. Subsections (a), (b), and (c), Section 85.055, Natural Resources Code, are amended to read as follows:

(a) If, on written complaint by an affected party or on its own initiative and after notice and an opportunity for a hearing, the commission finds that full production from wells producing gas only from a common source of supply of gas in this state is in excess of the reasonable market demand, the commission shall inquire into the production and reasonable market demand for the gas and shall determine the allowable production from the common source of supply.

(b) The allowable production from a prorated common source of supply is that portion of the reasonable market demand that can be produced without waste.

(c) The commission shall allocate, distribute, or apportion the allowable production from the prorated common source of supply among the various producers on a reasonable basis and shall limit the production of each producer to the amount allocated or apportioned to the producer.

SECTION 5. Section 85.058, Natural Resources Code, is amended to read as follows:

Sec. 85.058. COMMISSION INQUIRY AND DETERMINATION. From time to time, the commission may [shall] inquire into the production, storage, transportation, refining, reclaiming, treating, marketing, and processing of oil and gas, and the reasonable market demand for oil and gas, so that it may determine whether or not waste exists or is imminent or whether the oil and gas conservation laws of this state or the rules and orders of the commission promulgated under those laws are being violated.

SECTION 6. This Act takes effect immediately if it receives a vote of two-thirds of all the members elected to each house, as provided by Section 39, Article III, Texas Constitution. If this Act does not receive the vote necessary for immediate effect, this Act takes effect September 1, 2005.

(c) Goods subject to a hold order must be physically retained by the pawnbroker in a secure area and may not be released, sold, redeemed, or disposed of unless:

(1) the chief law enforcement officer delivers a written release to the pawnbroker;

(2) the hold order and any extension of the hold order expire; or

(3) a court order, including a search warrant, requires the release, sale, or disposal of the property.

(d) A hold order is effective only if it contains:

The chief law enforcement officer shall provide at no cost to the pawnbroker an executed copy of the hold order for the pawnbroker's records.

(f) The initial holding period of the hold order may not exceed 60 days. A hold order may be extended for up to three successive 60-day periods on written notification to the pawnbroker before the expiration of the immediately preceding holding period or extension. A hold order may be released before the expiration of the holding period or extension by written release from the chief law enforcement officer. A hold order is considered expired on the expiration date stated on the hold order if the holding period is not extended under this subsection.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. Section 659.012, Government Code, is amended to read as follows:

Sec. 659.012. JUDICIAL SALARIES. (a) Notwithstanding Section 659.011:

(1) a judge of a district court is entitled to an annual salary from the state of at least \$125,000, except that the combined salary of a district judge from state and county sources, including compensation for any extrajudicial services performed on behalf of the county, may not exceed the amount that is \$5,000 less than the salary provided for a justice of a court of appeals other than a chief justice [justice of the supreme court is entitled to an annual salary from the state that is at least \$102,463];

(2) a justice of a court of appeals other than the chief justice is entitled to an annual salary from the state that is equal to 110 percent of the salary of a district judge [five percent less than the salary provided by the General Appropriations Act for a justice of the supreme court], except that the combined salary of a justice of the court of appeals other than the chief justice from all state and county sources, including compensation for any extrajudicial services performed on behalf of the county, may not exceed the amount that is \$5,000 [\$1,000] less than the salary provided for a justice of the supreme court;

(3) a justice of the supreme court other than the chief justice or a judge of the court of criminal appeals other than the presiding judge is entitled to an annual salary from the state that is equal to 120 percent of the salary of a district judge; and

(b) To the extent of any conflict, the salary limitations [differential] provided by this section for the combined salary of a state [district] judge or justice from state and local sources prevails over any provision of Chapter 31 or [differential set by] Chapter 32 that authorizes the payment of additional compensation to a state judge or justice.

(d) In a county with more than five district courts, a district judge who serves as a local administrative district judge under Section 74.091 is entitled to an annual salary from the state that is \$5,000 more than the salary from the state to which the judge is otherwise entitled under Subsection (a)(1) [e)].

(e) For the purpose of salary payments by the state, the comptroller shall determine from sworn statements filed by the justices of the courts of appeals and district judges that the required salary limitations [~~differentials~~] provided by this section are maintained. An attorney ad litem for a child appointed in a proceeding under Chapter 262 or 263, Family Code, before the effective date of this section is governed by the law in effect on the date the attorney ad litem was appointed, and the former law is continued in effect for that purpose.

(d) The court shall order a person who is convicted of an offense under Subsection (a) to pay any reasonable attorney's fees incurred by the person who was falsely accused of abuse or neglect in any proceeding relating to the false report.

(e) A person who engages in conduct described by Subsection (a) is liable to the state for a civil penalty of \$1,000. The attorney general shall bring an action to recover a civil penalty authorized by this subsection.

(b) The changes in law made by Subsection (a), Section 261.107, Family Code, as amended by this section, and Subsection (d), Section 261.107, Family Code, as added by this section, apply only to an offense committed on or after the effective date of this section. (a) With assistance from the appropriate state or local law enforcement agency as provided by this section, the department or designated agency shall make a prompt and thorough investigation of a report of child abuse or neglect allegedly committed by a person responsible for a child's care, custody, or welfare. The investigation shall be conducted without regard to any pending suit affecting the parent-child relationship.

(d) The department shall [may] by rule assign priorities and prescribe investigative procedures for investigations based on the severity and immediacy of the alleged harm to the child. The primary purpose of the investigation shall be the protection of the child. The rules must require the department, subject to the availability of funds, to:

(1) immediately respond to a report of abuse and neglect that involves circumstances in which the death of the child or substantial bodily harm to the child would result unless the department immediately intervenes;

(2) respond within 24 hours to a report of abuse and neglect that is assigned the highest priority, other than a report described by Subdivision (1); and

(3) respond within 72 hours to a report of abuse and neglect that is assigned the second highest priority.

(f) An investigation of a report to the department [that is assigned the highest priority in accordance with department rules adopted under Subsection (d) and] that alleges that a child has been or may be the victim of conduct that constitutes a criminal offense that poses an immediate risk of physical or sexual abuse of a child that could result in the death of or serious harm to the child shall be conducted jointly by a peace officer, as defined by Article 2.12, Code of Criminal Procedure, from the appropriate local law enforcement agency and the department or the agency responsible for conducting an investigation under Subchapter E.

(g) The inability or unwillingness of a local law enforcement agency to conduct a joint investigation under this section [Subsection (f)] does not constitute grounds to prevent or prohibit the department from performing its duties under this subtitle. The department shall document any instance in which a law enforcement agency is unable or unwilling to conduct a joint investigation under this section [Subsection (f)].

(h) The department and the appropriate local law enforcement agency shall conduct an investigation, other than an investigation under Subchapter E, as provided by this section and Article 2.27, Code of Criminal Procedure, if the investigation is of a report [of child abuse or neglect that is assigned the highest priority in accordance with department rules adopted under Subsection (d) and] that alleges that a child has been or may be the victim of conduct that constitutes a criminal offense that poses an immediate risk of physical or sexual abuse of a child that could result in the death of or serious harm to the child. Immediately on receipt of a report described by this subsection, the department shall notify the appropriate local law enforcement agency of the report.

(b) The change in law made by this section to Section 261.301, Family Code, applies to the investigation of a report of child abuse or neglect made on or after the effective date of this section. The investigation of a report of child abuse or neglect made before the effective date of this section is governed by the law in effect on the date the report was made, and the former law is continued in effect for that purpose.

(c) The Department of Family and Protective Services shall develop and implement an automated tracking and reporting system that enables the department to track information on initial contacts to monitor compliance with the requirements of Subsection (d), Section 261.301, Family Code, as amended by this section, relating to the timely response to reports of abuse and neglect.

(d) The executive commissioner of the Health and Human Services Commission shall adopt the rules as required by Subsection (d), Section 261.301, Family Code, as amended by this section, not later than September 1, 2007.

The training must include information on interviewing techniques, evidence gathering, and testifying in court for criminal investigations, as well as instruction on rights provided by the Fourth Amendment to the United States Constitution.

SECTION 1.18. Subchapter D, Chapter 261, Family Code, is amended by adding Section 261.3012 to read as follows:

Sec. 261.3012. COMPLETION OF PAPERWORK. An employee of the department who responds to a report that is assigned the highest priority in accordance with department rules adopted under Section 261.301(d) shall identify, to the extent reasonable under the circumstances, forms and other paperwork that can be completed by members of the family of the child who is the subject of the report. The department employee shall request the assistance of the child's family members in completing that documentation but remains responsible for ensuring that the documentation is completed in an appropriate manner.

SECTION 1.19. (a) Section 261.3015, Family Code, is amended by amending Subsection (a) and adding Subsection (a-1) to read as follows:

(a) In assigning priorities and prescribing investigative procedures based on the severity and immediacy of the alleged harm to a child under Section 261.301(d), the department [board by rule] shall establish a flexible response system to allow the department to make the most effective use of [allocate] resources by investigating serious cases of abuse and neglect and by screening out less serious cases of abuse

and neglect if the department determines, after contacting a professional or other credible source, that the child's safety can be assured without further investigation. The department may administratively close the less serious cases without providing services or making a referral to another entity for assistance [providing assessment and family preservation services in less serious cases].

(a-1) For purposes of Subsection (a), a case is considered to be a less serious case of abuse or neglect if the circumstances of the case do not indicate an immediate risk of abuse or neglect that could result in the death of or serious harm to the child who is the subject of the case.

(b) To ensure the safety of children, the Department of Family and Protective Services shall use highly skilled caseworkers to perform the screening functions described by Subsection (a), Section 261.3015, Family Code, as amended by this section, and develop standardized policy guidelines, including accountability measures to monitor closed cases, to ensure that screening guidelines do not result in the closing of cases that should not be closed.

SECTION 1.20. Subchapter D, Chapter 261, Family Code, is amended by adding Section 261.3016 to read as follows:

Sec. 261.3016. TRAINING OF PERSONNEL RECEIVING REPORTS OF ABUSE AND NEGLECT. The department shall develop, in cooperation with local law enforcement officials and the Commission on State Emergency Communications, a training program for department personnel who receive reports of abuse and neglect.

The training program must include information on:

(1) the proper methods of screening reports of abuse and neglect; and

(2) ways to determine the seriousness of a report, including determining whether a report alleges circumstances that could result in the death of or serious harm to a child or whether the report is less serious in nature.

SECTION 1.21. Section 261.302, Family Code, is amended by adding Subsections (b-1) and (f) and amending Subsection (e) to read as follows:

(b-1) Before the department may transport a child as provided by Subsection (b)(3), the department shall attempt to notify the parent or other person having custody of the child of the transport.

(e) An interview with a child conducted by the department during the investigation stage shall be audiotaped or videotaped. An interview with a child alleged to be a victim of physical abuse or sexual abuse conducted by an investigating agency other than the department shall be audiotaped or videotaped unless the investigating agency determines that good cause exists for not audiotaping or videotaping the interview in accordance with rules of the agency. Good cause may include, but is not limited to, such considerations as the age of the child and the nature and seriousness of the allegations under investigation. Nothing in this subsection shall be construed as prohibiting the investigating agency from audiotaping or videotaping an interview of a child on any case for which such audiotaping or videotaping is not required under this subsection. The fact that the investigating agency failed to audiotape or videotape an interview is admissible at the trial of the offense that is the subject of the interview.

(f) A person commits an offense if the person is notified of the time of the transport of a child by the department and the location from which the transport is initiated and the person is present at the location when the transport is initiated and attempts to interfere with the department's investigation. An offense under this subsection is a Class B misdemeanor. It is an exception to the application of this subsection that the department requested the person to be present at the site of the transport.

(3) provide department supervisors with access to casework quality indicators and train department supervisors on the use of that information in the daily supervision of caseworkers;

Sec. 261.3023. LAW ENFORCEMENT RESPONSE TO CHILD SAFETY CHECK ALERT. (a) If a law enforcement officer encounters a person listed on the Texas Crime Information Center's child safety check alert list who is alleged to have abused or neglected a child, or encounters a child listed on the alert list who is the subject of a report of child abuse or neglect the department is attempting to investigate, the officer shall request information from the person or the child regarding the child's well-being and current residence.

(b) If the law enforcement officer determines that the circumstances described by Section 262.104 exist, the officer may take possession of the child without a court order as authorized by that section if the officer is able to locate the child. The court shall provide a copy of the letter to each person entitled to notice under Section 263.301(b).

(g) On its own motion or in response to a petition under Subsection (e) or Section 266.010, the court may issue any order related to the medical care of a foster child that the court determines is in the best interest of the child.

(h) Notwithstanding Subsection (b), a person may not be authorized to consent to medical care provided to a foster child unless the person has completed a department-approved training program related to informed consent and the provision of all areas of medical care as defined by Section 266.001. Sec. 266.008. EDUCATION PASSPORT. (a) The commission shall develop an education passport for each foster child. The commission, in conjunction with the department, shall determine the format of the passport. The passport may be maintained in an electronic format. (b) The department shall maintain the passport as part of the department's records for the child as long as the child remains in foster care.

(c) The department shall make the passport available to the person authorized to consent to medical care for the foster child and to a provider of medical care to the foster child if access to the foster child's educational information is necessary to the provision of medical care and is not prohibited by law.

(d) The department and the commission shall collaborate with the Texas Education Agency to develop policies and procedures to ensure that the needs of foster children are met in every school district.

Sec. 266.009. PROVISION OF MEDICAL CARE IN EMERGENCY.

(a) Consent or court authorization for the medical care of a foster child otherwise required by this chapter is not required in an emergency during which it is immediately necessary to provide medical care to the foster child to prevent the imminent probability of death or substantial bodily harm to the child or others, including circumstances in which:

(1) the child is overtly or continually threatening or attempting to commit suicide or cause serious bodily harm to the child or others; or

(2) the child is exhibiting the sudden onset of a medical condition manifesting itself by acute symptoms of sufficient severity, including severe pain, such that the absence of immediate medical attention could reasonably be expected to result in placing the child's health in serious jeopardy, serious impairment of bodily functions, or serious dysfunction of any bodily organ or part.

(b) The physician providing the medical care or designee shall notify the person authorized to consent to medical care for a foster child about the decision to provide medical care without consent or court authorization in an emergency not later than the second business day after the date of the provision of medical care under this section. This notification must be documented in the foster child's health passport.

(c) This section does not apply to the administration of medication under Subchapter G, Chapter 574, Health and Safety Code, to a foster child who is at least 16 years of age and who is placed in an inpatient mental health facility.

Sec. 266.010. CONSENT TO MEDICAL CARE BY FOSTER CHILD AT LEAST 16 YEARS OF AGE. (a) A foster child who is at least 16 years of age may consent to the provision of medical care, except as provided by Chapter 33, if the

court with continuing jurisdiction determines that the child has the capacity to consent to medical care. If the child provides consent by signing a consent form, the form must be written in language the child can understand.

(b) A court with continuing jurisdiction may make the determination regarding the foster child's capacity to consent to medical care during a hearing under Chapter 263 or may hold a hearing to make the determination on its own motion. The court may issue an order authorizing the child to consent to all or some of the medical care as defined by Section 266.001. In addition, a foster child who is at least 16 years of age, or the foster child's attorney ad litem, may file a petition with the court for a hearing. If the court determines that the foster child lacks the capacity to consent to medical care, the court may consider whether the foster child has acquired the capacity to consent to medical care at subsequent hearings under Section 263.503.

(c) If the court determines that a foster child lacks the capacity to consent to medical care, the person authorized by the court under Section 266.004 shall continue to provide consent for the medical care of the foster child.

(d) If a foster child who is at least 16 years of age and who has been determined to have the capacity to consent to medical care refuses to consent to medical care and the department or private agency providing substitute care or case management services to the child believes that the medical care is appropriate, the department or the private agency may file a motion with the court requesting an order authorizing the provision of the medical care.

(e) The motion under Subsection (d) must include:

(1) the child's stated reasons for refusing the medical care; and

(2) a statement prepared and signed by the treating physician that the medical care is the proper course of treatment for the foster child.

(f) If a motion is filed under Subsection (d), the court shall appoint an attorney ad litem for the foster child if one has not already been appointed. The foster child's attorney ad litem shall:

(1) discuss the situation with the child;

(2) discuss the suitability of the medical care with the treating physician;

(3) review the child's medical and mental health records; and

(4) advocate to the court on behalf of the child's expressed preferences regarding the medical care.

(g) The court shall issue an order authorizing the provision of the medical care in accordance with a motion under Subsection (d) to the foster child only if the court finds, by clear and convincing evidence, after the hearing that the medical care is in the best interest of the foster child and:

(1) the foster child lacks the capacity to make a decision regarding the medical care;

(2) the failure to provide the medical care will result in an observable and material impairment to the growth, development, or functioning of the foster child; or

(3) the foster child is at risk of suffering substantial bodily harm or of inflicting substantial bodily harm to others.

(h) In making a decision under this section regarding whether a foster child has the capacity to consent to medical care, the court shall consider:

(1) the maturity of the child;

(2) whether the child is sufficiently well informed to make a decision regarding the medical care; and

(3) the child's intellectual functioning.

(i) In determining whether the medical care is in the best interest of the foster child, the court shall consider:

(1) the foster child's expressed preference regarding the medical care, including perceived risks and benefits of the medical care;

(2) likely consequences to the foster child if the child does not receive the medical care;

(3) the foster child's prognosis, if the child does receive the medical care; and

(4) whether there are alternative, less intrusive treatments that are likely to reach the same result as provision of the medical care.

(j) This section does not apply to emergency medical care. An emergency relating to a foster child who is at least 16 years of age, other than a child in an inpatient mental health facility, is governed by Section 266.009.

(k) This section does not apply to the administration of medication under Subchapter G, Chapter 574, Health and Safety Code, to a foster child who is at least 16 years of age and who is placed in an inpatient mental health facility.

(l) Before a foster child reaches the age of 16, the department or the private agency providing substitute care or case management services to the foster child shall advise the foster child of the right to a hearing under this section to determine whether the foster child may consent to medical care. The department or the private agency providing substitute care or case management services shall provide the foster child with training on informed consent and the provision of medical care as part of the Preparation for Adult Living Program.

Sec. 266.011. STUDY OF INCENTIVES TO PRESCRIBE PSYCHOTROPIC DRUGS. (a) The department shall study the level of care system the department uses to determine a child's foster care needs to ascertain whether the system creates incentives for prescribing psychotropic medications to children in foster care.

(b) No later than October 1, 2006, the department shall report the results of the study to the legislature. The report must include the department's proposed changes to the level of care system.

(c) This section expires January 1, 2007.

(b) Not later than September 1, 2007, the Department of Family and Protective Services shall implement the health passport required by Section 266.006, Family Code, as added by this section.

(c) The Health and Human Services Commission is required to develop and implement the education passport program required by Section 266.008, Family Code, as added by this section, if the legislature appropriates money specifically for that purpose. If the legislature does not appropriate money specifically for that purpose, the commission may, but is not required to, develop and implement the education passport program using other appropriations available for that purpose. In addition, the commission may develop and implement the education passport program required by Section 266.008, Family Code, as added by this section, only if technology necessary to ensure privacy is available.

(d) If the Health and Human Services Commission develops and implements the education passport program required by Section 266.008, Family Code, as added by this section, the commission shall finalize the form and content of the passport not later than March 1, 2006.

Sec. 45.002. PRIVATIZING SUBSTITUTE CARE AND CASE MANAGEMENT SERVICES; DEPARTMENT DUTIES. (a) Not later than September 1, 2011, the department shall complete the statewide privatization of the provision of substitute care and case management services in this state.

(b) On and after September 1, 2011:

(1) all substitute care and case management services for children for whom the department has been appointed temporary or permanent managing conservator must be provided by child-care institutions and child-placing agencies;

(2) all substitute care and case management service providers shall, to the best extent possible, honor the cultural and religious affiliations of a child placed in the service provider's care, regardless of the religious affiliation of the service provider; and

(3) except as provided by Subsections (d) and (e) and notwithstanding any other law, the department may not directly provide substitute care and case management services.

(c) On and after September 1, 2011, the department shall:

(1) monitor the quality of services for which the department and each independent administrator contract under this chapter; and

(2) ensure that the services are provided in accordance with federal law and the laws of this state, including department rules and rules of the Department of State Health Services and the Texas Commission on Environmental Quality.

(d) On and after September 1, 2011, the department may provide substitute care and case management services in an emergency. The executive commissioner shall adopt rules describing the circumstances in which the department may provide those services.

(2) ensure that each subcontractor with whom the substitute care or case management services provider contracts for the provision of substitute care or case management services also gives a preference in hiring to current and former qualified department employees whose positions with the department may be or were eliminated as a result of the privatization of substitute care and case management services.

Sec. 45.004. INDEPENDENT ADMINISTRATORS; DEPARTMENT DUTIES.

(a) The department shall research and develop a comprehensive strategy for contracting for management support services from independent administrators on a regional basis. If the department determines that an independent administrator could manage and procure substitute care and case management services contracts with private agencies and conduct placement assessments in a more cost-beneficial manner, the department shall implement a transition plan to transfer the procurement, management, and oversight of substitute care and case management services from the department to an independent administrator, as well as responsibility for placement assessments. If the department determines that contracting for management support from an independent administrator is not cost beneficial, the privatization of substitute care and case management services will occur as provided by Section 45.002(b).

(b) The comprehensive strategy, at a minimum, must:

(1) use competitively procured independent administrators to procure and manage substitute care and case management providers in a geographic region designated by the department;

(2) require independent administrators to contract with private agencies that will:

(A) increase local foster and adoptive placement options for all children, especially teenagers, sibling groups, children whose race or ethnicity is disproportionately represented in foster care, children with severe or multiple disabilities, and other children who are difficult to place; and

(B) expand efforts to recruit foster families, adoptive families, and alternative care providers through faith-based and other targeted recruitment programs; and

(3) allow permanency services providers to enter client, service, and outcome information into the department's client data system.

(c) Subject to the appropriation of funds, the department shall:

(1) enhance existing data systems to include contract performance information; and

(2) implement a contracting data system developed or procured by the department, to track quality assurance and other contracting tools to effectively manage, monitor, and evaluate performance-based contracting functions.

[Sections 45.005-45.050 reserved for expansion]
SUBCHAPTER B. DEPARTMENT DUTIES

Sec. 45.051. REORGANIZING STAFF RESPONSIBILITIES. Not later than March 1, 2006, the department shall develop a plan for reorganizing the department's operation to support future procurement of, contracting with, and monitoring of private contractors and enforcement of the licensing of facilities. The plan must include provisions for reducing duplication of the department's program monitoring activities.

Sec. 45.052. FINANCING. The department shall create financing and payment arrangements that provide incentives for an independent administrator and substitute care and case management providers to achieve safety, permanency, and well-being outcomes and improved system performance. In developing this financing arrangement, the department shall examine:

(1) the use of case rates or performance-based fee-for-service contracts that include incentive payments or payment schedules that link reimbursement to results; and

(2) ways to reduce a contractor's financial risk that could jeopardize the solvency of the contractor, including the use of a risk-reward corridor that limits risk of loss and potential profits or the establishment of a statewide risk pool.

Sec. 45.053. ADOPTION OF TRANSITION PLAN. (a) Not later than September 30, 2005, the commission and the department shall submit to the legislature a plan for the development of the transition plan, including the planning structure and process, engagement of stakeholders, and access to experienced consultation and technical assistance.

(b) Not later than March 1, 2006, the commission and the department shall, in consultation with private entities under contract to provide substitute care services for the department, including members of the boards of directors of the private entities and other community stakeholders, develop and adopt a substitute care and case management services transition plan consistent with the requirements of Subchapter C.

Sec. 45.054. REGIONAL IMPLEMENTATION. (a) The department shall implement the privatization of substitute care and case management services on a regional basis in accordance with the transition plan. The transition plan must include a schedule with deadlines for implementation of the plan. Subject to the requirements of Subsections (c), (d), and (e), statewide implementation of the plan shall be completed not later than September 1, 2011. The commission shall propose the first three regions of the state for implementation of privatization based on state demographics and shall consider including a rural region, a metropolitan region, and a region including border areas of the state.

(b) The transition plan must include a schedule with the following deadlines for implementation of the plan:

(1) completion of the transition plan, not later than March 1, 2006;

(2) release of a request for proposal for a geographic region of the state designated by the department, not later than April 30, 2006;

(3) the awarding of the contract described by Subdivision (2), not later than September 30, 2006;

(8) completion of the statewide implementation of contracted substitute care and case management services for additional geographic regions, not later than September 1, 2011.

(c) Not later than the first anniversary of the date the department enters into the first contract for substitute care and case management services under this section, the department shall contract with a qualified, independent third party to evaluate each phase of the privatization of substitute care and case management services. Each evaluation must:

(1) assess the performance of substitute care and case management services based on compliance with defined quality outcomes for children;

(2) assess the achievement of performance measures;

(3) compare for quality the performance of substitute care and case management services provided by contractors to substitute care and case management services provided by the department in similar regions;

(4) determine if contracted services are cost beneficial; and

(5) assess the private sector's ability to meet the performance measures, including service capacity, for the remaining regions.

(d) The independent third party with whom the department contracts under Subsection (c) shall submit its reports and recommendations to the House Human Services Committee, or its successor, and the Senate Health and Human Services Committee, or its successor.

(e) The department shall continue to implement the transition plan for the second and third regions only after:

(1) the commission reports to the House Human Services Committee, or its successor, and the Senate Health and Human Services Committee, or its successor, the status of the initial transition of services to a contractor in the first region not later than December 31, 2006;

(f) The department may not implement the transition plan for the second and third regions before September 1, 2009.

(g) The department shall continue to implement the transition plan for the remaining regions of the state only after:

(1) the independent third party with whom the department contracts under Subsection (c) evaluates and reports to the House Human Services Committee, or its successor, and the Senate Health and Human Services Committee, or its successor, on the performance of contracted substitute care and case management services in the second and third regions not later than September 1, 2010; and

(2) the commission determines, based on the report prepared under Subdivision (1) or information obtained by the review required under Subsection (b)(6), whether material modifications to the model for privatization of substitute care and case management services are necessary and submits a report and recommendations to the House Human Services Committee, or its successor, and the Senate Health and Human Services Committee, or its successor, not later than December 31, 2010.

(h) Nothing in this chapter, including the deadlines for implementing this section, precludes the department from immediately converting from an open-enrollment system to a statewide competitive procurement system for substitute care.

- (1) infection rates;
- (2) process measures; or
- (3) both infection rates and process measures.

(b) In developing the recommendations described in Subsection (a), the advisory panel shall consider:

- (1) adjusting the reported infection rates to account for the differences in patient populations and for factors outside the control of the health care facility;

- (7) providing additional benefits to health care consumers.

Sec. 96.102. REPORT TO LEGISLATURE. (a) Not later than November 1, 2006, the commissioner shall file a report with the presiding officer of each house of the legislature on the advisory panel's recommendations for legislation regarding the collection and reporting of infection rates, process measures, or both.

(b) The report shall include a recommendation that the legislation set September 1, 2007, as the date for hospitals and ambulatory surgical centers to comply with the legislation.

SECTION 4. Section 108.011, Health and Safety Code, is amended by adding Subsections (c-1) and (c-2) to read as follows:

(c-1) The council shall use public use data to prepare and issue reports that provide information for review and analysis by the Health and Human Services Commission relating to services that are provided in a niche hospital, as defined by Section 105.002, Occupations Code, and that are provided by a physician with an ownership interest in the niche hospital.

(c-2) Subsection (c-1) does not apply to an ownership interest in publicly available shares of a registered investment company, such as a mutual fund, that owns publicly traded equity securities or debt obligations issued by a niche hospital or an entity that owns the niche hospital.

SECTION 5. (a) In this section, "niche hospital" has the meaning assigned by Section 105.002, Occupations Code.

(b) The Department of State Health Services shall conduct a study regarding the impact of niche hospitals on the financial viability of other general hospitals located in this state.

(c) In conducting the study, the Department of State Health Services shall evaluate:

(1) the number of niche hospitals currently operating in this state;

(2) the number of niche hospitals in this state that are currently under construction or in the planning phase of construction;

(3) the location of each niche hospital and its proximity to other general hospitals;

(4) the financial impact of niche hospitals on other general hospitals;

(5) the referral patterns of physicians with an ownership interest in a niche hospital as compared to the referral patterns of physicians with privileges at a niche hospital who do not have an ownership interest in the niche hospital; and

(6) the range of services provided by niche hospitals in this state, with particular emphasis on the provision of emergency and charity care services.

(d) Not later than December 1, 2006, the Department of State Health Services shall submit a report to the legislature regarding the results of the study conducted under this section.

DECLARATION OF COLEMAN BAZELON

I, Coleman Bazelon, make the following declaration pursuant to 28 U.S.C. § 1746:

1. Pursuant to the agreement of the parties and this Court's minute order dated September 10, 2014, I hereby submit my second amended expert report (attached as Exhibit A) and amended reply report (attached as Exhibit B) in this matter. Consistent with the Court's order of September 10, these amended reports contain updated figures in light of Defendants' September 9, 2014 amendment to answers to the Deposition on Written Questions to the Texas Department of Public Safety (DPS).

2. The amended reports also reflect updated information regarding persons that DPS considers to be deceased, thus ensuring that no such persons are included in my calculation of the population of voters who must obtain an SB 14-compliant ID in order to vote in person. My previously filed reports did not reflect this information regarding deceased voters because I had not received the latest information in time to incorporate it into my analysis. The updated information has no material effect on my analysis but is included for completeness.

3. The substance of the amended reports attached to this Declaration otherwise remains the same as my first amended expert report and reply report filed on August 15, 2014. For clarity of the record, however, I wish to clarify one fact. In calculating the travel costs to obtain an Election Identification Certificate, *see Exhibit A, Section VII*, I assumed a starting departure time of 9:30am for trips taken via public transit. In my deposition and at trial, I testified that I used a departure time of noon. *E.g.*, Trial Tr. 122:23-25 (Day 6). That was incorrect. The amended reports attached to this Declaration, as well as the reports I previously filed on June 27, 2014 and August 15, 2014, all reflect an analysis that assumes a departure time of 9:30am for public transit. My calculations of the travel costs for the other two modes of travel I consider in my analysis—walking and taxi trips—are not dependent on, and are thus unaffected by, any choice of travel departure time.

I declare under penalty of perjury that the foregoing is true and correct.

The voters requiring an EIC may have limited transportation available. I think the location should be where there are at least public transportation routes. I believe that is part of the problem with the DPS offices are so far removed from those types of transportation.

Thank you for your email. We will continue our training efforts concerning the photo identification requirement. Ms. Guidry went to considerable expense procuring the large white stand up boards with all of the acceptable photo ID's. Also we gave each poll worker a copy of the slide presentation from the banquet training in which the acceptable photo identifications were discussed.

I think you are correct that sometimes a poll worker falls back on what the rules were in prior elections, and fails to recall any recent changes. This is particularly an issue with our more seasoned poll workers.

We will also continue our training efforts concerning assisting voters when pulling up a ballot. If the voter does not ask for help in how to use the machine, none should be given. We have been utilizing this electronic equipment since 2006.

Thanks again for your comments, and for volunteering to assist with the election process!

Theresa:

I just wanted to share with you a few things that voters brought to my attention yesterday that concerned me. I was at the Port Arthur Library.

I had multiple people who told me this happened at early voting at the Port Arthur Library. An elderly gentleman came to vote early and brought his wife on Election Day. He stood with his wife as she checked in. He then pulled me aside and told me that he was never asked for ID because he had his voter registration card. He questioned it, but they never

took his ID. He heard me explain to another person in line that an ID was now required to vote and what was acceptable forms. This concerned him.

A young woman voted early at the same location and brought her elderly mother on Election Day. Her mother did not have ID with her. I asked if she had a valid drivers license, which she did so her daughter went home to get it. She didn't complain about having to get the ID for her mother, but she did tell me that she was not required to show ID. I explained the legislation and showed her the board. She was concerned about the lack of training for election workers not knowing the rules/laws. She witnessed an individual going through the line in front of her without a card or ID. The election worker "knew her" from church so it was "okay" and she was active in the system.

The County Clerks Office does an amazing job getting everything together and pulling off elections. I commend each and every one of you. The problem lies with the worker who has been doing elections for years and think they know everything and know best because they have been doing it so long and "know everyone". Rules are rules and have been in place for reasons. That is what makes things fair and unbiased no matter what party you are affiliated. We have a standard to uphold as election workers.

As a first time judge for this primary, I learned a lot of valuable things. I did have to have a talk with one worker giving what I thought was too much help to their own parties voters, by showing them how to scroll through the pages and "making sure that they read the propositions very carefully because of the wording" while not even completing the process of pulling up the ballot for the other parties voters. I didn't let her know that I knew of the bias, I just explained that she was taking too much time explaining. If they were not a first time voter, they should know how to work the machine. I concluded telling her that she is a wonderful and friendly person and asked her if she would be a door greeter and make sure everyone knew they needed ID. She had a good time with that.

I apologize for the long narrative, but felt it important to bring the early voting problem to your attention.

Once again, thank you for all you do.
